

Democratic Leaders Split On Treaty

President Ignores Reference To Presidency In Message To Party

CHIEF EXECUTIVE OPPOSES MATTER OF RESERVATIONS

SAYS IT IS INCONCEIVABLE THAT U. S. CAN REMAIN ON THE OUTSIDE.

Would Make Treaty Issue at Election

BRYAN SAYS HE IS NOT A CANDIDATE FOR THE PRESIDENT'S CHAIR.

Washington, Jan. 9.—William J. Bryan told the Jackson day banquet guests here last night that he is not a candidate for the presidency. He declared that, unlike some of the other speakers, he had nothing to ask, but spoke from gratitude rather than in expectation. "You will, therefore," he added, "not listen to me with the thought that you are listening to a candidate."

President Wilson, who sent a letter which was read at the banquet, made no reference to the presidency. It had been expected that he would declare himself regarding a nomination for a third term. He discussed the peace treaty at length. He said "the clear and single way" to determine the will of American people on the league of nations is to make it an issue at the next election.

The president's message was devoted to an expression of his argument of why he considered it the duty of the United States to join in the league of nations covenant and why he considered the war not really won until it did. Another attempt to crush new nations of Europe would be made, the president said, "if the United States held aloof."

The president again expressed his attitude toward reservations, much as he did at his conference with the senate foreign relations committee, in this language:

"If the senate wishes to say what the undoubted meaning of the treaty is I shall have no objection. There can be no reasonable objection to interpretations accompanying the act of ratification itself. But when the treaty is acted upon I must know whether it means that we have ratified or rejected it. We can not ratify this treaty. We must take it without changes which alter its meaning or leave it and then, after the rest of the world has signed it, we must face the unthinkable task of making another and separate kind of treaty with Germany."

Blames Senate.
The president continued:
"The United States enjoyed the spiritual leadership of the world until the senate of the United States failed to ratify the treaty by which the belligerent nations sought to effect the settlements for which they had fought throughout the war. It is inconceivable that at this supreme crisis and final turning point in the international relations of the whole world, when the results of the great war are by no means determined and are still questionable and dependent upon events which no man can foresee or point upon, the United States should withdraw from the concert of progressive and enlightened nations by which Germany was defeated and all similar governments (if the world be so unhappy as to contain any) warned of the certain consequences of any attempt of a like iniquity, and yet that is the effect of the course the senate of the United States has taken with regard to the treaty of Versailles. "Germany is beaten, but we are still at war with her, and the old stage is set for a repetition of the old plot. It is now ready for the resumption of the old offensive and defensive alliances, which made settled peace impossible. It is now open again to every sort of intrigue. The old spies are free to resume their former abominable activities."

"If we keep out of this agreement, if we do not give our guarantees, then another attempt will be made to crush the new nations of Europe."

"If there is any doubt as to what the people of the country think on this vital matter, the clear and single way out is to submit it for determination at the next election to the voters of the nation, to give the next election the form of a great and solemn referendum, a referendum as to the part the United States is to play in completing the settlements of the war and in the prevention in the future of such outrages as Germany attempted to perpetrate."

NEAR BLIZZARD THURSDAY NIGHT PLAYS HAVOC IN GREENE COUNTY

Telephone and Car Service Seriously Impaired By Sleet and Snow—Poles and Wires Down.

Telephone and transportation service in Xenia and Greene county was impaired by snow and ice which accompanied a near blizzard Thursday evening.

Rain which froze the wires and the heavy snow which weighted them, down caused breaks in the lines of the telephone companies all over the county, cutting off telephonic communication to many places and playing havoc with rail transportation.

The rain fell during most of Thursday after a heavy, wet snow had fallen early in the morning. Thursday night the rain fell heavier and was augmented by a heavy snowfall. The snow and ice on the telephone wires weighted them down until they snapped under the tension. On the interurban lines the ice on the wires prevented a contact with the trolley and service of these lines was greatly impaired. On the railroads, trains were running from 20 minutes to an hour behind schedule as early as Thursday afternoon.

Falling Poles Responsible.
The Dayton Power and Light Company lines did not suffer damage excepting where telephone wires broke and fell across their wires, according to Manager Heathman. In these instances the crossed wires generally caused a short circuit that burned them out, he said, impairing the power and light in some sections. Power communication to the different cities was not cut off however.

Ime Kaplan, alleged communist and industrial agitator, gathered in by the Massachusetts authorities in the round-up of "reds," photographed in his cell at Deer Island, Boston Harbor, where he awaits investigation. Kaplan was active during the recent Lawrence mill strikes which resulted in months of disturbances in the factory towns thereabouts.

EARTHQUAKE TREMORS STILL FELT IN SOUTH

Mexico, Jan. 9.—Earthquake shocks less violent than those of Sunday and Wednesday, which killed thousands, continue to be felt throughout the state of Vera Cruz.

A new volcano has come into being at San Miguel Mountain, near Orizaba, following the fresh earth undulations which killed hundreds on Wednesday, said a dispatch from the city of Vera Cruz.

The whole country has united in extending aid to the earthquake sufferers.

Bryan's Ideas

Excerpts from the address delivered by William Jennings Bryan before guests at the two Jackson Day dinners staged in Washington by the Democratic National Committee follow:

"We cannot afford, either as citizens or as members of the party, to share with the Republican party responsibility for further delay (of peace); we cannot go before the country on the issue which such an appeal would present."

"The Republicans have a majority in the Senate, and therefore by right can dictate the Senate's course."

"The one fundamental principle of democracy is the right of the majority to rule. It applies to the Senate and to the House, as well as to the public."

"I assume that the party will accept woman suffrage also as an accepted fact. The women saved our party from defeat in the last election, and we need their aid to hasten the triumphs of every righteous cause."

Dates for the Ohio state dairymen's association are January 28-29; the Ohio Swiss Cheese association January 30; Ohio Holstein Breeders' association January 28; Ohio Jersey Cattle Club January 29; and the Ohio Guernsey Breeders' association January 30.

WILSON AND BRYAN DIFFER ON MAKING LEAGUE ISSUE IN PRESIDENTIAL ELECTION

President Would Submit Proposition to Vote of the People—Bryan Favors as Many Compromises as are Necessary.

REORGANIZATION OF CITY OFFICES MADE BY CHIEFS

RIDDLE APPOINTED FIRE CHIEF TO ACT WITHOUT REMUNERATION

T. H. Zell Succeeds City Auditor Stokes

Initial Plans for New Water Supply For Xenia Laid Thurs. day

The reorganization of the city commission for the year with the same officers being re-elected, the reorganization of the fire department with City Manager Kenyon Riddle being appointed chief and the appointment of T. H. Zell as city auditor to succeed G. Hiving Stokes, who has resigned, were the most important features of the regular meeting of the city commission held Thursday night.

The reorganization of the commission was a matter of form supposed to take place at the beginning of the year, and on the motion of Dr. A. D. DeHaven seconded by C. S. Frazer, the same officers were retained for another year.

According to Ordinance No. 91, providing for the reorganization of the Fire Department, the City Manager will serve with the title of chief without pay. His duties will be practically the same as they have been, since he has been acting as purchasing agent for the department for some time.

Five Firemen Recommended.
The ordinance also provides for five regular firemen on the department, with two of them receiving \$105, two \$90 and one \$80 a month. Two substitutes provided for will be paid \$40 a month, and the retired chief, William Buckles, will serve in this capacity. The matter of selecting a head for the department to remain at the house and direct fires was not provided in the ordinance, but it is understood that Charles Mahanna, will act in this capacity, with the title of Captain. A lieutenant will also be appointed under him. In connection with the ordinance the resignation of Fire Chief William Buckles, signed by him, was presented.

City Auditor G. Hiving Stokes expects to remain as auditor until the newly appointed auditor has acquainted himself with the duties of the office, and the appointment will probably be effective within a few weeks.

Pension for Policemen.
The matter of pension for veteran city policemen and firemen was presented by Commissioner Arthur Whalen and was discussed informally, and the City Manager will secure data on the plans in effect in other cities for the information of the local body. The commission favors pensions if it can find it possible to create a fund for the purpose.

The annual report of the City Manager, showing the receipts and expenditures and the progress in various departments was presented by Mr. Riddle and placed on file. A petition, signed by practically every property holder on Trumbull street, was read asking that pavements be put in on both sides of that street, and the commission instructed the City Manager to see if a grade had been established on that street and if not to have one established.

Plan New Water Supply.
On motion of Commissioner DeHaven, seconded by Commissioner (Continued on Page Two)

SAYS NEEDLESS WASTE OF LIFE

ican Forces, Says Sherburne.
Washington, Jan. 9.—There was a needless waste of human life among American forces on the date of the armistice, General John H. Sherburne, formerly of the Twenty-sixth division artillery, said in testifying before the house military committee.

Sherburne expressed a belief that General Pershing himself was not personally responsible for continuation of the American offensive on the night of Nov. 10 and the morning of the 11th, but said that the commander of the A. E. F. should have had the orders of the attack countermanded.

Wilson's Points

Pointed references made by President Wilson in his message read to guests of the Democratic National Committee at the two Jackson Day dinners in Washington follow:

"I do not accept the action of the Senate, of the United States as the decision of the nation."

"There can be no reasonable objection to interpretations accompanying the act of ratification itself. But when the treaty is acted upon, I must know whether it means that we have ratified or rejected it."

"We cannot rewrite this treaty. We must take it without change which alter its meaning, or leave it and then, after the rest of the world has signed task of making another and separate kind of treaty with Germany."

"The clear and single way out is to submit it for determination at the next election, to the voters of the nation, to give to the next election the form of a great and solemn referendum."

Washington, Jan. 9.—Jackson day deliberations of Democratic party leaders were topped off by a split between President Wilson and William J. Bryan over whether the league of nations should be made an issue at the coming election.

President Wilson, in his message read to the dinners, assembled in two separate halls, declared that the "clear and single way out" is to submit the question to the voters as "a great and solemn referendum."

Mr. Bryan, showing all the old-time vigor with which he led the fight for the president's nomination at Baltimore in 1912, declared that the Democratic party could not go before the country on the issue, because it involved a delay of 14 months and meant success only if the Democrats captured a two-thirds majority of the senate. The party, Mr. Bryan declared, must "secure such compromises as may be possible."

"If I know the American people," Mr. Bryan said, "they will never transfer to any foreign nation the right to say when our boys shall be conscripted."

The disagreement between the president and his former secretary of state, the first in public view since Mr. Bryan left the cabinet because he did not agree with the president's course in the diplomatic negotiations with Germany, was thus disclosed as a fact, although it has been rumored and reported in the underground currents of national politics. In the opinion of the political leaders it crystallized an issue.

There were a dozen or more other speakers at the dinners and their views on whether the league should be made a campaign issue were either divided in favor of the president's or Mr. Bryan's or else they did not touch on the subject at all. The gist of their speeches might easily be epitomized in this fashion:

EXAMINATION OF SCHOOL CHILDREN REVEALS TROUBLES

Physical examination of pupils in the city schools is being conducted by Miss Anna Johnson and Miss Helen Evers, local Red Cross nurses. McKinley and Spring Hill schools have been completed, and the other schools will be taken later by the nurses. throat, thyroid or other noticeable defects of the eyes, teeth, nose and throat, typhoid or other noticeable defects. A report of the child's condition is then sent to the parent or guardian, with the advice that the family physician or dentist be consulted if a condition was discovered that warranted such consultation.

In a number of cases parents have been advised of serious conditions of which they were not aware, and which required prompt attention. In one instance a 9 year old boy was found to be almost blind in his left eye a condition of which the parents were completely ignorant until they received the nurse's report. An oculist was consulted at once and the child fitted with glasses which will permit him to see with the affected eye, and relieve the strain on the other eye.

The local nurses have also completed the inspection in the Ross township, centralized school and will inspect any school in the county where the authorities request their services.

Democratic Leaders Split On Treaty

BRYAN SAYS HE IS NOT A CANDIDATE FOR THE PRESIDENT'S CHAIR.

Washington, Jan. 9.—William J. Bryan told the Jackson day banquet guests here last night that he is not a candidate for the presidency. He declared that, unlike some of the other speakers, he had nothing to ask, but spoke from gratitude rather than in expectation. "You will, therefore," he added, "not listen to me with the thought that you are listening to a candidate."

President Wilson, who sent a letter which was read at the banquet, made no reference to the presidency. It had been expected that he would declare himself regarding a nomination for a third term. He discussed the peace treaty at length. He said "the clear and single way" to determine the will of American people on the league of nations is to make it an issue at the next election.

The president's message was devoted to an expression of his argument of why he considered it the duty of the United States to join in the league of nations covenant and why he considered the war not really won until it did. Another attempt to crush new nations of Europe would be made, the president said, "if the United States held aloof."

The president again expressed his attitude toward reservations, much as he did at his conference with the senate foreign relations committee, in this language:

"If the senate wishes to say what the undoubted meaning of the treaty is I shall have no objection. There can be no reasonable objection to interpretations accompanying the act of ratification itself. But when the treaty is acted upon I must know whether it means that we have ratified or rejected it. We can not rewrite this treaty. We must take it without changes which alter its meaning or leave it and then, after the rest of the world has signed it, we must face the unthinkable task of making another and separate kind of treaty with Germany."

Blames Senate.

The president continued: "The United States enjoyed the spiritual leadership of the world until the senate of the United States failed to ratify the treaty by which the belligerent nations sought to effect the settlements for which they had fought throughout the war. It is inconceivable that at this supreme crisis and final turning point in the international relations of the whole world, when the results of the great war are by no means determined and are still questionable and dependent upon events which no man can foresee or bound upon, the United States should withdraw from the concert of progressive and enlightened nations by which Germany was defeated and all similar governments (if the world be so unhappy as to contain any) warned of the certain consequences of any attempt of a like inquiry, and yet that is the effect of the course the senate of the United States has taken with regard to the treaty of Versailles."

"Germany is beaten, but we are still at war with her, and the old stage is set for a repetition of the old plot. It is now ready for the resumption of the old offensive and defensive alliances, which made settled peace impossible. It is now open again to every sort of intrigue. The old spies are free to resume their former abominable activities."

"If we keep out of this agreement, if we do not give our guarantees, then another attempt will be made to crush the new nations of Europe."

"If there is any doubt as to what the people of the country think on this vital matter, the clear and single way out is to submit it for determination at the next election to the voters of the nation, to give the next election the form of a great and solemn referendum, a referendum as to the part the United States is to play in completing the settlements of the war and in the prevention in the future of such outrages as Germany attempted to perpetrate."

NEAR BLIZZARD THURSDAY NIGHT PLAYS HAVOC IN GREENE COUNTY

Telephone and Car Service Seriously Impaired By Sleet and Snow—Poles and Wires Down.

Telephone and transportation service in Xenia and Greene county was impaired by snow and ice which accompanied a near blizzard Thursday evening.

Rain which froze the wires and the heavy snow which weighted them, down caused breaks in the lines of the telephone companies all over the county, cutting off telephonic communication to many places and playing havoc with rail transportation.

The rain fell during most of Thursday after a heavy, wet snow had fallen early in the morning. Thursday night the rain fell heavier and was augmented by a heavy snowfall. The snow and ice on the telephone wires weighted them down until they snapped under the tension. On the interurban lines the ice on the wires prevented a contrast with the trolley and service of these lines was greatly impaired. On the railroads, trains were running from 20 minutes to an hour behind schedule as early as Thursday afternoon.

Falling Poles Responsible.

The Dayton Power and Light Company lines did not suffer damage excepting where telephone wires broke and fell across their wires, according to Manager Heathman. In these instances the crossed wires generally caused a short circuit that burned them out, he said, impairing the power and light in some sections. Power communication to the different cities was not cut off however.

The Dayton and Xenia traction car due in this city from Dayton at 12 o'clock, did not get here until 6:30 o'clock Friday morning. The car was in charge of conductor Mason Whitman and Motorman Fred Seeman and was seven hours on the road from Dayton. Twelve or fifteen people were passengers on the car during the night. Ice, which prevented a contact of the trolley with the wires, caused the delay, and the car fairly crawled along. The first car to Dayton out of this city was due to leave at five o'clock, in charge of Conductor Tom McCann and Motorman Ed Pratt. could not leave because it had not arrived from Dayton. After the car got here at 6:30 this crew took it to Dayton, leaving at that time and returning on the round trip at 9:30. The Springfield and Xenia line had even greater trouble. The car from Springfield not arriving here until after 11 o'clock.

Bel Company Suffers Most.

The Bell Telephone company suffered the most serious damage to its wires of either telephone company. The ice and snow caused poles and wires to be down in the county, the broken poles being especially bad at Bellbrook. Telephonic communication over the Bell was cut off between this city and Washington C. H., Osborn, New Burlington, Cedarville, and Lebanon. Bellbrook and Spring Valley, where they were both cut off early, were repaired first by the crew working on the lines. Yellow Springs connection was not impaired by the storm.

The Citizens' Telephone company also had considerable trouble with wires down all over the county, although communication to other towns in the county was reinstated early Friday morning, and was considered in good shape by the wire chief. Wires and poles were both down in different sections however, and the line crew was busy on calls. Poles and wires were both down all over the city, both companies sharing in the damage done the storm here.

At Cedarville the electric lines were in such a condition with wires and poles down, that the electric power was cut off and the school had to be closed Friday because of lack of light.

Mexico, Jan. 9.—Earthquake shocks less violent than those of Sunday and Wednesday, which killed thousands, continue to be felt throughout the state of Vera Cruz.

A new volcano has come into being at San Miguel Mountain, near Orizaba, following the fresh earth undulations, which killed hundreds on Wednesday, said a dispatch from the city of Vera Cruz.

The whole country has united in extending aid to the earthquake sufferers.

***** DAIRY ORGANIZATIONS MEET AT UNIVERSITY *****

Columbus, O., Jan. 9.—Five state dairy organizations will meet here during farmers' week January 25 to 30 at Ohio state university. Dates for the Ohio state dairymen's association are January 28-29; the Ohio Swiss Cheese association January 30; Ohio Holstein Breeders' association January 28; Ohio Jersey Cattle Club January 29; and the Ohio Guernsey Breeders' association January 30.

President Would Submit Proposition to Vote of the People—Bryan Favors as Many Compromises as are Necessary.

REORGANIZATION OF CITY OFFICES MADE BY CHIEFS

RIDDLE APPOINTED FIRE CHIEF TO ACT WITHOUT REMUNERATION

T. H. Zell Succeeds City Auditor Stokes

Initial Plans for New Water Supply For Xenia Laid Thurs. day

The reorganization of the city commission for the year with the same officers being re-elected, the re-organization of the fire department with City Manager Kenyon Riddle being appointed Chief and the appointment of T. H. Zell as city auditor to succeed G. Hivling Stokes, who has resigned, were the most important features of the regular meeting of the city commission held Thursday night.

The re-organization of the commission was a matter of form supposed to take place at the beginning of the year, and on the motion of Dr. A. D. DeHaven seconded by C. S. Frazer, the same officers were retained for another year.

According to Ordinance No. 91, providing for the reorganization of the Fire Department, the City Manager will serve with the title of chief without pay. His duties will be practically the same as they have been, since he has been acting as purchasing agent for the department for some time.

Five Firemen Recommended The ordinance also provides for five regular firemen on the department, with two of them receiving \$105, two \$90 and one \$80 a month. Two substitutes provided for will be paid \$40 a month, and the retired chief, William Buckles, will serve in this capacity. The matter of selecting a head for the department to remain at the house and direct fires was not provided in the ordinance, but it is understood that Charles Mahanna, will act in this capacity, with the title of Captain. A Lieutenant will also be appointed under him. In connection with the ordinance the resignation of Fire Chief William Buckles, signed by him, was presented.

City Auditor G. Hivling Stokes expects to remain as auditor until the newly appointed auditor has acquainted himself with the duties of the office, and the appointment will probably be effective within a few weeks.

Pension for Policemen The matter of pension for veteran city policemen and firemen was presented by Commissioner Arthur Whalen and was discussed informally, and the City Manager will secure data on the plans in effect in other cities for the information of the local body. The commission favors pensions if it can find it possible to create a fund for the purpose.

The annual report of the City Manager, showing the receipts and expenditures and the progress in various departments was presented by Mr. Riddle and placed on file. A petition, signed by practically every property holder on Trumbull street, was read asking that pavements be put in on both sides of that street, and the commission instructed the City Manager to see if a grade had been established on that street and if not to have one established.

Plan New Water Supply On motion of Commissioner DeHaven, seconded by Commissioner

(Continued on Page Two)

SAYS NEEDLESS WASTE OF LIFE

ican Forces, Says Sherburne. Washington, Jan. 9.—There was a needless waste of human life among American forces on the date of the armistice, General John H. Sherburne, formerly of the Twenty-sixth division artillery, said in testifying before the house military committee.

Sherburne expressed a belief that General Pershing himself was not personally responsible for continuation of the American offensive on the night of Nov. 10 and the morning of the 11th, but said that the commander of the A. E. F. should have had the orders of the attack countermanded.

Physical examination of pupils in the city schools is being conducted by Miss Anna Johnson and Miss Helen Evers, local Red Cross nurses. McKinley and Spring Hill schools have been completed, and the other schools will be taken later by the nurses.

throat, thyroid or other noticeable defects of the eyes, teeth, nose and throat, typhoid or other noticeable defects. A report of the child's condition is then sent to the parent or guardian, with the advice that the family physician or dentist be consulted if a condition was discovered that warranted such consultation.

In a number of cases parents have been advised of serious conditions of which they were not aware, and which required prompt attention. In one instance a 9 year-old boy was found to be almost blind in his left eye a condition of which the parents were completely ignorant until they received the nurse's report. An oculist was consulted at once and the child fitted with glasses which will permit him to see with the affected eye, and relieve the strain on the other eye.

The local nurses have also completed the inspection in the Ross township centralized school and will inspect any school in the county where the authorities request their services.

Wilson's Points

Pointed references made by President Wilson in his message read to guests of the Democratic National Committee at the two Jackson Day dinners in Washington follow:

"I do not accept the action of the Senate, of the United States as the decision of the nation."

"There can be no reasonable objection to interpretations accompanying the act of ratification itself. But when the treaty is acted upon, I must know whether it means that we have ratified or rejected it."

"We cannot rewrite this treaty. We must take it without change which alter its meaning, or leave it and then, after the rest of the world has signed the task of making another and separate kind of treaty with Germany."

"The clear and single way out is to submit it for determination at the next election, to the voters of the nation, to give to the next election the form of a great and solemn referendum."

Washington, Jan. 9.—Jackson day deliberations of Democratic party leaders were topped off by a split between President Wilson and William J. Bryan over whether the league of nations should be made an issue at the coming election.

President Wilson, in his message read to the diners, assembled in two separate halls, declared that the "clear and single way out" is to submit the question to the voters as "a great and solemn referendum."

Mr. Bryan, showing all the old-time vigor which he led the fight for the president's nomination at Baltimore in 1912, declared that the Democratic party could not go before the country on the issue, because it involved a delay of 14 months and meant success only if the Democrats captured a two-thirds majority of the senate. The party, Mr. Bryan declared, must "secure such compromises as may be possible."

"If I know the American people," Mr. Bryan said, "they will never transfer to any foreign nation the right to say when our boys shall be conscripted."

The disagreement between the president and his former secretary of state, the first in public view since Mr. Bryan left the cabinet because he did not agree with the president's course in the diplomatic negotiations with Germany, was thus disclosed as a fact, although it has been rumored and reported in the underground currents of national politics. In the opinion of the political leaders it crystallized an issue.

There were a dozen or more other speakers at the dinners and their views on whether the league should be made a campaign issue were either divided in favor of the president's or Mr. Bryan's or else they did not touch on the subject at all. The gist of their speeches might easily be epitomized in this fashion:

NORTHERN LIGHTS? NO JUST STREET CARS

Northern lights. Lightning. These and other causes were assigned by bewildered Xenians for the brilliant pyrotechnics which filled the skies Thursday night.

The flashes of light were caused by trolleys of traction and street cars painfully making their ways along ice coated wires.

The layers of ice insulated the wires, and the trolleys had to push away the frozen covering before connection could be made.

The effect of the brilliant flashes of colored lights was at times almost terrifying, and many persons were frightened by them, not understanding the cause.

PLEADS GUILTY TO CHARGE OF BURGLARY

Raymond Smith, colored, of Cedarville, pleaded guilty before Judge C. H. Kyle, Friday morning to the charge of burglary and larceny on which he was indicted Thursday. He was sentenced to the Mansfield Reformatory.

Smith it is charged stole two tires belonging to Ralph Murdock of Cedarville, from the latter's garage last April. In October another burglary was committed at the Murdock garage on a charge of which Smith was arrested. The grand jury found it impossible to fix the blame for the second burglary on Smith, but in the investigations found sufficient evidence to indict him for the April robbery.

REORGANIZATION

(Continued from Page One)

Whalen, the City Manager was instructed to enter into contract with Phillip Burgess, hydraulic engineer, of Columbus, for the preliminary engineering, connected with establishing of a new water supply. Mr. Burgess, who was consulting engineer employed by the city before the latter purchased the plant of the Xenia Water Company, offered to do the work under his personal supervision for two per cent. A communication from Ganett, Seelye and Fleming of Erie, Pa., offering to do the work for three per cent, and a much higher rate for daily visits was turned down by the commission accepting Mr. Burgess' proposition. The preliminary engineering work will start soon in order to be finished before the city takes over the plant on March 1.

Three resolutions providing for an advance draw on the County Auditor for \$14,000 for the installation of sewers on certain streets and for the improvement of certain streets by paving, were read for the first time. An ordinance providing for the purchase by the city of a sewer installed on Cincinnati avenue by the Hooven & Allison Company was also read for the first time.

HIGH SCHOOL FIVE CLASHES AT RINK WITH COLUMBUS

The Central High basketball five is facing a very busy week-end. Tonight at the rink they will clash with South High of Columbus, who are reputed to have one of the best teams in the "capital city."

Saturday night Coach Faires will take his squad to Springfield to play the high school team from that place. The Reaper city usually puts a fast team on the floor, and the locals will have a big job on their hands when they attempt to subdue the wearers of the orange and black. Dissension has arisen among the members of the team according to a newspaper report, which has resulted in the suspension of "Chic" Webb one of their stars. Compton has also severed his connection with the team.

The Central lads have been practicing hard to overcome the loss of Taylor. Pillsbury will probably be started at center, with Riddell and captain LeSourd at forwards with the regular lineup at the guard positions.

A game was scheduled for the second team at Waynesville Thursday night, but it had to be cancelled at the last minute when the taxicab driver refused to make the trip.

NEW MEMBERS ON SCHOOL BOARD

Two new members took their places on the Cedarville Board of Education at the reorganization meeting of that body which was held Tuesday night. The new members are Walter C. Cliff and Clayton MacMillan who takes the places formerly occupied by J. C. Barber and Gordon Collins.

The board organized by re-electing J. W. Johnson, president, W. J. Tarbox, vice president and Andrew Jackson, clerk.

Jamestown, Ohio.

HI SCHOOL NOTES

The second assembly of the year was held Friday morning. Mr. Pendry first announced the game and then called the attention of the students to the night school of commerce, which is being started. He asked that everyone acquaint themselves with the plans so that they could inform others of the nature of the school. There will be two sections of the school, the bookkeeping section and the stenography section.

Mr. Pendry then introduced Dr. Brewster of The Health Resource Bureau of the American Red Cross. Dr. Brewster in opening said that he would rather address a group of students than any other group. He described a climb to the top of Pike's Peak and told of the vision he received when the sun peeped out of the east. He advised the students not to be dreamers but to climb for their vision and said that you can't sit down and dream for it. "Get busy, that vision is worth while," continued the speaker. He urged the students to adopt for their motto: "The thing that is hardest for me to do, I will do until it becomes easiest." He said that what we are today is the result of what we were yesterday. He said: "Be noble men and women," and brought out the necessity of living clean and pure lives.

Barren Palestine.

There are practically no minerals, no coal, no iron, no copper, no silver in Palestine, though recently some oil wells have been discovered in the Jordan valley. Neither are there any large forests, though the land may have been better wooded in the days of Joshua than now.

M. N. Douglass, the real estate agent of Spring Valley, sold the brick residence of G. H. Smith to Mr. M. E. Evans, who will take possession this spring and make it his permanent home.

A picture of John Wesley Arnold, W. W. Berforce University student, was published in a Dayton paper Friday. Arnold will give a song recital at Zion Baptist church on Spargue street, Dayton, on the evening of January 15. The proceeds from the affair will be devoted to the piano fund of the Linden community center.

Mrs. William Wilson, vice regent of the State Daughters of the American Revolution and regent of Catherine Greene Chapter, went to Lancaster Friday to attend a luncheon at the home of Mrs. C. C. Miller, regent of Elizabeth Sherman Reece Chapter, honoring Mrs. Edward Harris of Cleveland, the state regent.

REORGANIZATION

(Continued from Page One)

Whalen, the City Manager was instructed to enter into contract with Phillip Burgess, hydraulic engineer, of Columbus, for the preliminary engineering, connected with establishing a new water supply. Mr. Burgess, who was consulting engineer employed by the city before the latter purchased the plant of the Xenia Water Company, offered to do the work under his personal supervision for two per cent. A communication from Ganett, Seciya and Fleming of Erie, Pa., offering to do the work for three per cent, and a much higher rate for daily visits was turned down by the commission accepting Mr. Burgess' proposition. The preliminary engineering work will start soon in order to be finished before the city takes over the plant on March 1.

Three resolutions providing for an advance draw on the County Auditor for \$14,000 for the installation of sewers on certain streets and for the improvement of certain streets by paving, were read for the first time. An ordinance providing for the purchase by the city of a sewer installed on Cincinnati avenue by the Hoover & Allison Company was also read for the first time.

HIGH SCHOOL FIVE CLASHES AT RINK WITH COLUMBUS

The Central High basketball five is facing a very busy week-end. Tonight at the rink they will clash with South High of Columbus, who are reputed to have one of the best teams in the "capitol city."

Saturday night Coach Fairles will take his squad to Springfield to play the high school team from that place. The Reaser city usually puts a fast team on the floor, and the locals will have a big job on their hands when they attempt to subdue the warriors of the orange and black. Dissension has arisen among the members of the team according to a newspaper report, which has resulted in the suspension of "Chic" Webb one of their stars. Compton has also severed his connection with the team. The Central lads have been practicing hard to overcome the loss of Taylor. Pillsbury will probably be started at center, with Riddell and captain LeSourd at forwards with the regular lineup at the guard positions.

A game was scheduled for the second team at Waynesville Thursday night, but it had to be cancelled at the last minute when the taxicab driver refused to make the trip.

NEW MEMBERS ON SCHOOL BOARD

Two new members took their places on the Cedarville Board of Education at the reorganization meeting of that body which was held Tuesday night. The new members are Walter C. Cliff and Clayton MacMillan who takes the places formerly occupied by J. C. Barber and Gordon Collins.

The board organized by re-electing J. W. Johnson, president, W. J. Tarbox, vice president and Andrew Jackson, clerk.

HI SCHOOL NOTES

The second assembly of the year was held Friday morning. Mr. Pendry first announced the game and then called the attention of the students to the night school of commerce, which is being started. He asked that everyone acquaint themselves with the plans so that they could inform others of the nature of the school. There will be two sections of the school, the bookkeeping section and the stenography section.

Mr. Pendry then introduced Dr. Brewster of The Health Resource Bureau of the American Red Cross. Dr. Brewster in opening said that he would rather address a group of students than any other group. He described a climb to the top of Pike's Peak and told of the vision he received when the sun peeped out of the east. He advised the students not to be dreamers but to climb for their vision and said that you can't sit down and dream for it. "Get busy," that vision is worth while," continued the speaker. He urged the students to adopt for their motto: "The thing that is hardest for me to do, I will do until it becomes easiest." He said that what

THE YEAR 1920

PROMISES WELL FOR THE BUCKEYE STATE BUILDING AND LOAN CO., RANKIN BLDG., 22 WEST GAY ST., COLUMBUS, O.

1. The Buckeye is safe and conservative.
2. Just what people want.
3. It daily renders a public service.
4. By furnishing a safe place to leave money.
5. And then loaning that money to assist people in obtaining homes.
6. The Buckeye desires and expects to render greater service in 1920 than ever before.
7. And wishes to all persons prosperity and contentment.

THREE CORNERED DAYTON FIGHT IS RENEWED

ALTERCATION OVER GAMBLING IN CITY STILL IS VERY BITTER.

Dayton, Ohio, Jan. 9.—The three cornered gambling fight between City Manager Barlow, Municipal Judge Budrow and Safety Director James still continues in this city.

Copies of the records of the criminal division of municipal court, showing how Judge Budrow has been dealing with persons brought before him for gambling, have been submitted to the Manager by Director James and it is said they substantiate the claims of the Manager that Budrow is doing more to encourage gambling in Dayton than any other man because he is remitting the fines imposed on the violators of the gambling law who were brought before him.

The copies of the court records show that in 1917, there were 12 principals arrested for gambling and fined \$132 of which \$50 was suspended and the balance paid, three of the 12 only paying the costs. In the same year 118 other men were taken in gambling raids, and not one of them fined, 116 of them paying the costs.

In 1918, 37 principals were arrested for gambling and fined \$11,170 of which \$250 in fines was suspended, \$550 was cut off and only \$270 paid into the court. In the same year, 318 others were taken in gambling raids, being fined \$201, or less than \$1 each, of which \$133 was suspended, only \$68 being paid into the court. The report shows that 165 men paid costs only, 82 had even the costs suspended and 32 failed to appear and forfeited bail.

In 1919, 39 principals were arrested charged with gambling, and fined \$1,500 of which 270 was suspended, \$990 was knocked off and only \$240 paid into the court. In 1919, 369 other men were taken in gambling raids and not

a single one fined. Instead 263 were allowed to pay costs, 69 had their costs suspended and 34 forfeited bail.

City Manager Barlow refused to make any further statements merely saying "the report" speaks for itself."

Safety Director James accompanied the report with a letter to the manager.

"FEED THE BIRDS" IS
Now XENIA SLOGAN.

This is the slogan being passed on now by kindly minded persons.

Due to the heavy snow, the little feathered creatures are unable to secure food in the way nature provided for them and many of them grow hungry.

Dr. Joseph Kyle found many of the birds visiting his yard when he sprinkled crumbs, corn and sunflower seeds for them, and all of the different kinds of winter birds were represented in the feathered assemblage, which gathered outside of his house.

It is a very worthy motive to feed the birds and protect them for the summer when their songs fill the world with joy.

BELLBROOK

George Penewit entered upon his fifth term as township trustee, Thursday. His associates in the office, M. B. Spahr and Frank Wardlow, started on their third terms.

This W. C. A. met at the home of Mr. and Mrs. Andros Belt Friday, a pleasant time was reported.

Mrs. Fletcher Allen of West Maple street, who was taken suddenly ill a few days ago, is reported better.

The home basketball team journeyed to Osborn Friday night, where they met their first defeat of the season after a desperate conflict with the older and heavier players than themselves. It is generally conceded, by those well informed that the defeat was wholly due to the absence of Ben Shinnery who was detained at home.

The lineup for Beaver Creek was as follows: Cramer, R. F.; Earl Shaw, L. F.; Rodger Turner, C.; James Finley, L. G.; Roy Wood, L. G. Score 16 to 14.

RED CROSS WORKERS VISITING IN XENIA

Dr. S. E. Brewster, who is connected with the Bureau of Administration of the Lake Division of the American Red Cross, and who was three times abroad in Red Cross work with the soldiers, is in this city in the interest of the American Red Cross Peace Program which the federal government is putting out through the Red Cross.

Dr. Brewster addressed the students of Central High School Friday morning on "Character Building or Life's Work," and Friday afternoon talked at the Red Cross headquarters at 3 o'clock. He is scheduled to speak to the students of Wilberforce University Saturday morning and Sunday night will speak at the evening services at the First M. E. church.

Dr. Brewster is on the Chautauqua and Lyceum platform stirring the people to our condition as a sick nation and what is the remedy, and he will be in this city until Monday.

He met the doctors of the city a noon Friday at luncheon.

To Cure a Cold in One Day
Take LAXATIVE BROMO QUININE (Tablets). It stops the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box. 30c.

ITCHING, BURNING SKIN DISEASES

Are Caused by Poisoned Blood.

Authorities are now of the opinion that many forms of eczema and eruptive skin diseases are caused by humors in the blood. This state of the blood may be due to irregular habits, improper action of the liver, kidneys, stomach or some contracted blood disease. Internal treatment that goes directly to the root of the trouble—is the most dependable means of getting a real relief.

Such a treatment is Prescription C-2223, a reliable blood purifier. This splendid medicinal preparation was used for years by a successful physician in his private practice. It produced such satisfactory results for his patients and has since relieved so many thousands that it's possible that it will give you relief.

If you are now suffering the tortures of burning, itching eczema, or any eruptive skin disease, and all other medicines and doctors have failed, go to your druggist and get a \$1.50 bottle of Prescription C-2223. If two bottles do not give you sufficient benefit to justify your continuing the treatment, take the empties back to the same druggist and get the \$3.00 that you paid for the prescription.

While taking Prescription C-2223, the bowels should act regularly, to help throw off the poisons which are causing you trouble. There is nothing better than 2223 Liver Pills. They have certain tonic effects and do not sicken or gripe. One is a dose.

If your druggist will not supply you with Prescription C-2223 and 2223 Liver Pills, both will be sent you postpaid on receipt of \$1.75. Suppose you write the 2223 Laboratories, Memphis, Tenn., 132 South Second St., for literature, 1920 Almanac and sample of the Pills.

Prescription
C-2223
Eczema

'SYRUP OF FIGS' CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

AFTER TWO YEARS FRANK METTS IS OF SAME OPINION

Stands By His Original Praise of Nerv-Worth—"Best Tonic I Ever Took."

Two years ago this well known Salineville, O., farmer endorsed Nerv-Worth in writing. He was recently asked if the passage of time had changed his estimate of Nerv-Worth and this is his reply:

Nerv-Worth Co.—Two years ago I was so poorly with my nerves I couldn't sleep nor sit still. I would get light-headed, I was not safe to be out with a horse. I was not able to do day's work. A friend of mine told me of Nerv-Worth. Before I took one bottle I could work and sleep. By the time I took three bottles I could go any place with a horse or climb to the top of our wind pump derrick. It is 40 feet high. Our barn has an iron roof on. I can crawl all over it with a small rope fastened to the comb to hold to. I feel better now than I have for ten years. I keep a bottle of Nerv-Worth in the home to take if my stomach feels unsettled. I recommend Nerv-Worth—the best tonic I ever took.

FRANK METTS,
Salineville, Ohio.

A CHEERFUL HOME-COMING

Home means comfort and good cheer when there is a CALORIC FURNACE in the basement.

Your slippers, pipe, favorite reading and the CALORIC are a combination that make you forget the howling wind and drifting snow. And how the wife and children appreciate such a home—warm and comfortable in every room.

More than 50,000 satisfied users testify to the splendid success they have had with the

This is the furnace which has revolutionized heating. Instead of using numerous pipes and registers, it heats the entire house through only one register. It is therefore easily installed in new or old houses, usually in one day, without interfering with your present heating arrangements.

The CALORIC heats all types of homes up to eighteen rooms, also churches, stores, factories, halls and other buildings. It burns coal, coke, wood, gas or lignite, and, because of special patented features, saves from 15 to 25 per cent your fuel. The CALORIC is sold under the Monitor Iron-clad Guarantee, which insures the purchaser thorough and economical heat.

Call on us, or write for the new CALORIC catalog.

Brewster, who is connected with the Bureau of Administration of the Lake Division of the American Red Cross, and who was three times abroad in Red Cross work with the soldiers, is in this city in the interest of the American Red Cross Peace Program which the federal government is putting out through the Red Cross.

Dr. Brewster addressed the students of Central High School Friday morning on "Character Building or Life's Work," and Friday afternoon talked at the Red Cross headquarters at 3 o'clock. He is scheduled to speak to the students of Wilberforce University Saturday morning and Sunday night will speak at the evening services at the First M. E. church.

Dr. Brewster is on the Chautauqua and Lyceum platform stirring the people to our condition as a sick nation and what is the remedy, and he will be in this city until Monday.

He met the doctors of the city at noon Friday at luncheon.

To Cure a Cold in One Day
Take LAXATIVE BROMO QUININE (Tablets). It stops the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box. 30c.

ITCHING, BURNING SKIN DISEASES

Are Caused by Poisoned Blood.

Authorities are now of the opinion that many forms of eczema and eruptive skin diseases are caused by humors in the blood. This state of the blood may be due to irregular habits, improper action of the liver, kidneys, stomach or some contracted blood disease. Internal treatment that goes directly to the root of the trouble—is the most dependable means of getting a real relief.

Such a treatment is Prescription C-2223, a reliable blood purifier. This splendid medicinal preparation was used for years by a successful physician in his private practice. It produced such satisfactory results for his patients and has since relieved so many thousands that it's possible that it will give you relief.

If you are now suffering the tortures of burning, itching eczema, or any eruptive skin disease, and all other medicines and doctors have failed, go to your druggist and get a \$1.50 bottle of Prescription C-2223. If two bottles do not give you sufficient benefit to justify your continuing the treatment, take the empties back to the same druggist and get the \$3.00 that you paid for the prescription.

While taking Prescription C-2223, the bowels should act regularly, to help throw off the poisons which are causing your trouble. There is nothing better than 2223 Liver Pills. They have certain tonic effects and do not sicken or gripe. One is a dose.

If your druggist will not supply you with Prescription C-2223 and 2223 Liver Pills, both will be sent you postpaid on receipts of \$1.75. Suppose you write the 2223 Laboratory, Memphis, Tenn., 132 South Second St., for literature, 1920 Almanac and sample of the Pills.

'SYRUP OF FIGS' CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

AFTER TWO YEARS FRANK METTS IS OF SAME OPINION

Stands By His Original Praise of Nerv-Worth—"Best Tonic I Ever Took."

Two years ago this well known Salineville, O., farmer endorsed Nerv-Worth in writing. He was recently asked if the passage of time had changed his estimate of Nerv-Worth and this is his reply:

Nerv-Worth Co.—Two years ago I was so poorly with my nerves I couldn't sleep nor sit still. I would get light-headed, I was not safe to be out with a horse. I was not able to do day's work. A friend of mine told me of Nerv-Worth. Before I took one bottle I could work and sleep. By the time I took three bottles I could go any place with a horse or climb to the top of our wind pump derrick. It is 40 feet high. Our barn has an iron roof on. I can crawl all over it with a small rope fastened to the comb to hold to. I feel better now than I have for ten years. I keep a bottle of Nerv-Worth in the home to take if my stomach feels unsettled. I recommend Nerv-Worth—the best tonic I ever took.

FRANK METTS,
Salineville, Ohio.

A CHEERFUL HOME-COMING

Home means comfort and good cheer when there is a CALORIC FURNACE in the basement.

Your slippers, pipe, favorite reading and the CALORIC are a combination that make you forget the howling wind and drifting snow. And how the wife and children appreciate such a home—warm and comfortable in every room.

More than 50,000 satisfied users testify to the splendid success they have had with the

CALORIC
FURNACE
The Original Patented Pipeless Furnace

This is the furnace which has revolutionized heating. Instead of using numerous pipes and registers, it heats the entire house through only one register. It is therefore easily installed in new or old houses, usually in one day, without interfering with your present heating arrangements.

The CALORIC heats all types of homes up to eighteen rooms, also churches, stores, factories, halls and other buildings. It burns coal, coke, wood, gas or lignite, and, because of special patented features, saves from 15 to 25 per cent fuel. The CALORIC is sold under the Monitor Iron-clad Guarantee, which insures the purchaser thorough and economical heat.

Call on us, or write for the new CALORIC catalog.

FRANK B. SCOTT
30 West Main St., Xenia, Ohio.

The Rev. W. J. Drew, of Medina, who with Mrs. Drew was called here on account of the death of the latter's father, John Dillencourt, has returned home. Mrs. Drew will remain here until the latter part of the month, when she and her husband expect to go to Daytona, Fla., their former home for a visit.

Mr. and Mrs. Charles S. Johnson entertained a small company at dinner Thursday night as a farewell for Miss Madge Cooley, who is leaving Xenia, January 16 for Los Angeles.

Dr. Lawrence Shields performed an operation for mastoiditis upon Edward Shoup, young son of Mr. and Mrs. Edith Shoup, at the McClellan hospital Thursday night. The condition resulted from scarlet fever.

The closing union meeting of the Week-of-Prayer will be held Friday evening in Trinity M. E. church at 7:30 p. m., and the Rev. J. O. C. McCracken will speak on "The Church Awakened by the Call for Workers."

M. N. Douglas, the real estate agent of Springfield, sold the brick residence of G. H. Smith to Mr. M. E. Evans, who will take possession this spring and make it his permanent home.

A picture of John Wesley Arnold, Wilberforce University student, was published in a Dayton paper Friday. Arnold will give a song recital at Zion Baptist church on Spargue street, Dayton, on the evening of January 15. The proceeds from the affair will be devoted to the piano fund of the Linden community center.

Mrs. William Wilson, vice regent of the State Daughters of the American Revolution and regent of Catherine Greene Chapter, went to Lancaster Friday to attend a luncheon at the home of Mrs. C. C. Miller, regent of Elizabeth Sherman Reece Chapter, honoring Mrs. Edward Harris of Cleveland, the state regent.

Mrs. Charles Atkinson of the Maple Corner neighborhood, mother of twins born recently at the Espey Hospital was taken to her home Friday.

Mr. and Mrs. Elmer Fishner are both ill at their home, suffering from grip.

That used car, remember will sell for real cash—if advertised.

Mrs. Ernest Simons underwent an operation at the McClellan hospital Friday morning for appendicitis. Dr. B. R. McClellan and Dr. H. C. Messenger performed the operation.

Mr. and Mrs. Harry Manor of West Second street, entertained at dinner Tuesday, Mr. and Mrs. A. W. Crist of Yellow Springs, and Mrs. O. F. Cleumer, Jr., of Maple Corner.

C. A. Bone operated on for appendicitis at the McClellan hospital is rapidly improving.

Harry Spahr is confined to his room at the home of C. C. Henrio, suffering from the grip.

Miss Viola Chitty is gradually recovering from an operation for appendicitis at the McClellan hospital.

Isaac Shaw, Dayton Power and Light lineman, injured when the pole he was on fell with him, causing him to sustain a fractured skull, is now gradually recovering at the McClellan hospital where he has been since the accident several weeks ago.

J. D. Adams, retired farmer, of the Huxsley road, new Bowersville, has purchased the John Oglesbee house on East Second street, and moved to this city. Mr. and Mrs. Oglesbee have moved to Dayton.

NORTHERN LIGHTS? NO JUST STREET CARS

Northern lights. Lightning. These and other causes were assigned by bewildered Xenians for the brilliant pyrotechnics which filled the skies Thursday night.

The flashes of light were caused by trolleys of traction and street cars painfully making their ways along ice coated wires.

The layers of ice insulated the wires, and the trolleys had to push away the frozen covering before connection could be made.

The effect of the brilliant flashes of colored lights was at times almost terrifying, and many persons were frightened by them, not understanding the cause.

PLEADS GUILTY TO CHARGE OF BURGLARY

Raymond Smith, colored, of Cedarville, pleaded guilty before Judge C. H. Kyle, Friday morning to the charge of burglary and larceny on which he was indicted Thursday. He was sentenced to the Mansfield Reformatory.

Smith it is charged stole two tires belonging to Ralph Murdoch of Cedarville, from the latter's garage last April. In October another burglary was committed at the Murdoch garage on a charge of which Smith was arrested. The grand jury found it impossible to fix the blame for the second burglary on Smith, but in the investigations found sufficient evidence to indict him for the April robbery.

QUICK RELIEF! From Pain. Rub it in. Drives out pain, Rheumatism, Stiffness! Better than Muscod Plasters and Liniments that stain and blister. Rheumatism, sprains, neuralgia, lumbago, sciatica, neuritis, swollen joints, sore throat, grippe, colds and head colds, etc. All druggists.

REORGANIZATION

(Continued from Page One)

Whalen, the City Manager was instructed to enter into contract with Phillip Burgess, hydraulic engineer, of Columbus, for the preliminary engineering, connected with establishing of a new water supply. Mr. Burgess, who was consulting engineer employed by the city before the latter purchased the plant of the Xenia Water Company, offered to do the work under his personal supervision for two per cent. A communication from Ganett, Seelye and Fleming of Erie, Pa., offering to do the work for three per cent, and a much higher rate for daily visits was turned down by the commission accepting Mr. Burgess' proposition. The preliminary engineering work will start soon in order to be finished before the city takes over the plant on March 1.

Three resolutions providing for an advance draw on the County Auditor for \$14,000 for the installation of sewers on certain streets and for the improvement of certain streets by paving, were read for the first time. An ordinance providing for the purchase by the city of a sewer installed on Cincinnati avenue by the Hoovert & Allison Company was also read for the first time.

HIGH SCHOOL FIVE CLASHES AT RINK WITH COLUMBUS

The Central High basketball five is facing a very busy week-end. Tonight at the rink they will clash with South High of Columbus, who are reputed to have one of the best teams in the "capitol city."

Saturday night Coach Fairies will take his squad to Springfield to play the high school team from that place. The Reaper city usually puts a fast team on the floor, and the locals will have a big job on their hands when they attempt to subdue the wearers of the orange and black. Dissension has arisen among the members of the team according to a newspaper report, which has resulted in the suspension of "Chic" Webb one of their stars. Compton has also severed his connection with the team.

The Central lads have been practicing hard to overcome the loss of Taylor. Pillsbury will probably be started at center, with Riddell and captain LeSourd at forwards with the regular lineup at the guard positions.

A game was scheduled for the second team at Waynesville Thursday night, but it had to be cancelled at the last minute when the taxicab driver refused to make the trip.

NEW MEMBERS ON SCHOOL BOARD

Two new members took their places on the Cedarville Board of Education at the reorganization meeting of that body which was held Tuesday night. The new members are Walter C. Hiff and Clayton MacMillan who takes the places formerly occupied by J. C. Barber and Gordon Collins.

The board organized by re-electing J. W. Johnson, president, W. J. Tarbox, vice president and Andrew Jackson, clerk.

HI SCHOOL NOTES

The second assembly of the year was held Friday morning. Mr. Pendry first announced the game and then called the attention of the students to the night school of commerce, which is being started. He asked that everyone acquaint themselves with the plans so that they could inform others of the nature of the school. There will be two sections of the school, the bookkeeping section and the stenography section.

Mr. Pendry then introduced Dr. Brewster of The Health Resource Bureau of the American Red Cross.

Dr. Brewster in opening said that he would rather address a group of students than any other group. He described a climb to the top of Pike's Peak and told of the vision he received when the sun peeped out of the east. He advised the students not to be dreamers but to climb for their vision and said that you can't sit down and dream for it. "Get busy, that vision is worth while," continued the speaker. He urged the students to adopt for their motto: "The thing that is hardest for me to do, I will do until it becomes easiest." He said that what

THE YEAR 1920

PROMISES WELL FOR THE BUCKEYE STATE BUILDING AND LOAN CO., RANKIN BLDG., 22 WEST GAY ST., COLUMBUS, O.

1. The Buckeye is safe and conservative.
2. Just what people want.
3. It daily renders a public service.
4. By furnishing a safe place to leave money.
5. And then loaning that money to assist people in obtaining homes.
6. The Buckeye desires and expects to render greater service in 1920 than ever before.
7. And wishes to all persons prosperity and contentment.

THREE CORNERED DAYTON FIGHT IS RENEWED

ALTERCATION OVER GAMBLING IN CITY STILL IS VERY BITTER.

Dayton, Ohio, Jan. 9.—The three cornered gambling fight between City Manager Barlow, Municipal Judge Budroe and Safety Director James still continues in this city.

Copies of the records of the criminal division of municipal court, showing how Judge Budroe has been dealing with persons brought before him for gambling, have been submitted to the Manager by Director James and it is said they substantiate the claims of the Manager that Budroe is doing more to encourage gambling in Dayton than any other man because he is remitting the fines imposed on the violators of the gambling law who were brought before him.

The copies of the court records show that in 1917, there were 12 principals arrested for gambling and fined \$132 of which \$50 was suspended and the balance paid, three of the 12 only paying the costs. In the same year 118 other men were taken in gambling raids, and not one of them fined, 116 of them paying the costs.

In 1918, 37 principals were arrested for gambling and fined \$1,170 of which \$250 in fines was suspended, \$650 was cut off and only \$270 paid into the court. In the same year, 318 others were taken in gambling raids, being fined \$201, or less than \$1 each, of which \$133 was suspended, only \$68 being paid into the court. The report shows that 165 men paid costs only, 32 had even the costs suspended and 32 failed to appear and forfeited bail.

In 1919, 39 principals were arrested charged with gambling, and fined \$1,500 of which 270 was suspended, \$990 was knocked off and only \$240 paid into the court. In 1919, 369 other men were taken in gambling raids and not

a single one fined. Instead 263 were allowed to pay costs, 69 had their costs suspended and 34 forfeited bail.

City Manager Barlow refused to make any further statements merely saying "the report" speaks for itself. Safety Director James accompanied the report with a letter to the manager.

"FEED THE BIRDS" IS NOW XENIA SLOGAN.

This is the slogan being passed on now by kindly minded persons.

Due to the heavy snow, the little feathered creatures are unable to secure food in the way nature provided for them and many of them grow hungry.

Dr. Joseph Kyle found many of the birds visiting his yard when he sprinkled crumbs, corn and sunflower seeds for them, and all of the different kinds of winter birds were represented in the feathered assemblage, which gathered outside of his house.

It is a very worthy motive to feed the birds and protect them for the summer when their songs fill the world with joy.

BELLBROOK

George Penewit entered upon his fifth term as township trustee, Thursday. His associates in the office, M. B. Spahr and Frank Wardlow, started on their third terms.

This W. C. A. met at the home of Mr. and Mrs. Andros Belt Friday, a pleasant time was reported.

Mrs. Fletcher Allen of West Maple street, who was taken suddenly ill a few days ago, is reported better.

The home basketball team journeyed to Osborn Friday night, where they met their first defeat of the season after a desperate conflict with the older and heavier players than themselves. It is generally conceded, by those well informed that the defeat was wholly due to the absence of Ben Shinnery who was detained at home.

The lineup for Beaver Creek was as follows: Cramer, R. E.; Earl Shaw, L. E.; Rodger Turner, C.; James Finley, L. G.; Roy Wood, L. G. Score 16 to 14.

RED CROSS WORKERS VISITING IN XENIA

Dr. S. E. Brewster, who is connected with the Bureau of Administration of the Lake Division of the American Red Cross, and who was three times abroad in Red Cross work with the soldiers, is in this city in the interest of the American Red Cross Peace Program which the federal government is putting out through the Red Cross.

Dr. Brewster addressed the students of Central High School Friday morning on "Character Building or Life's Work" and Friday afternoon talked at the Red Cross headquarters at 3 o'clock. He is scheduled to speak to the students of Wilberforce University Saturday morning and Sunday night will speak at the evening services at the First M. E. church.

Dr. Brewster is on the Chautauqua and Lyceum platform, stirring the people to our condition as a sick nation and what is the remedy, and he will be in this city until Monday.

He met the doctors of the city at noon Friday at luncheon.

To Cure a Cold in One Day Take LAXATIVE BROMO QUININE (Tablets). It stops the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box. 30c.

ITCHING, BURNING SKIN DISEASES

Are Caused by Poisoned Blood.

Authorities are now of the opinion that many forms of eczema and eruptive skin diseases are caused by humors in the blood. This state of the blood may be due to irregular habits, improper action of the liver, kidneys, stomach or some contracted blood disease. Internal treatment that goes directly to the root of the trouble—is the most dependable means of getting a real relief.

Such a treatment is Prescription C-2223, a reliable blood purifier. This splendid medicinal preparation was used for years by a successful physician in his private practice. It produced such satisfactory results for his patients and has since relieved so many thousands that it's possible that it will give you relief.

If you are now suffering the tortures of burning, itching eczema, or any eruptive skin disease, and all other medicines and doctors have failed, go to your druggist and get a \$1.50 bottle of Prescription C-2223. If two bottles do not give you sufficient benefit to justify your continuing the treatment, take the empties back to the same druggist and get the \$3.00 that you paid for the prescription.

While taking Prescription C-2223, the bowels should act regularly, to help throw off the poisons which are causing your trouble. There is nothing better than 2223 Liver Pills. They have certain tonic effects and do not sicken or gripe. One is a dose.

If your druggist will not supply you with Prescription C-2223 and 2223 Liver Pills, both will be sent you postpaid on receipts of \$1.75. Suppose you write the 2223 Laboratory, Memphis, Tenn., 132 South Second St., for literature, 1920 Almacan and sample of the Pills.

'SYRUP OF FIGS' CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

AFTER TWO YEARS FRANK METTS IS OF SAME OPINION

Stands By His Original Praise of Nerv-Worth—"Best Tonic I Ever Took."

Two years ago this well known Salineville, O., farmer endorsed Nerv-Worth in writing. He was recently asked if the passage of time had changed his estimate of Nerv-Worth and this is his reply:

Nerv-Worth Co.—Two years ago I was so poorly with my nerves I couldn't sleep nor sit still. I would get light-headed, I was not safe to be out with a horse. I was not able to do day's work. A friend of mine told me of Nerv-Worth. Before I took one bottle I could work and sleep. By the time I took three bottles I could go any place with a horse or climb to the top of our wind pump derrick. It is 40 feet high. Our barn has an iron roof on. I can crawl all over it with a small rope fastened to the comb to hold to. I feel better now than I have for ten years. I keep a bottle of Nerv-Worth in the home to take if my stomach feels unsettled. I recommend Nerv-Worth—the best tonic I ever took.

FRANK METTS, Salineville, Ohio. Sayre & Hemphill sell Nerv-Worth in Xenia; W. F. Harper, Jamestown; C. M. Ridgeway, Cedarville.

THE "WHY" OF THE 8th OF JANUARY.

"St. Jackson Day," January 8th, has been for years a kind of memorial occasion to the democracy of this country, thus honoring the memory of their patron saint, Andrew Jackson, because of his victory over the English at New Orleans, on that day. The meeting of the Democratic National Committee at Washington, this week, is more than an ordinary occasion, of this kind, because of this year being President making year.

It was just at the close of what is known in history as our war of 1812 that the battle of New Orleans was fought. In reality the treaty of peace with England had been signed December 14, 1814, but the news did not reach here until two days after the battle, which occurred January 8th, 1815, (one hundred and five years ago this week.) The battle took place at Chalmette, six miles below the city of New Orleans. The British are said to have had 10,000 troops, whilst Gen. Jackson only had 4,000, yet 900 English were killed, whilst only eight Americans were killed, because entrenched behind strong breastworks, the British day of cotton bales.

This writer visited this battle field in 1895. New Orleans had grown greatly by that time, so that the historic spot was only about a mile below the south end of the city. What the English had described as "strong entrenchment," looked then, (80 years afterward quite insignificant. The long entrenchment behind which our soldiers fought, was only four or five feet high and 300 or 400 feet long. At that time the unfinished Jackson monument was a rather unsightly marble shaft about fifteen feet square and forty feet high, resting on an old brick moss-covered foundation.

There is a fine National Cemetery of Union Soldiers on what was the field of battle in 1875, the bodies brought there from Southern battle fields of our civil war, or soldiers who had died thereabouts during that unpleasantness. All our National Cemeteries are an honor to the people, because of the fine condition in which they are maintained.

Few Americans have had a more dramatic career than General Jackson. As a young man he distinguished himself as an Indian fighter. He married a divorced woman and much of his early life had to defend her name, but the poor woman died only a few days after it was known her husband had been elected President. He fought several duels, was wounded in one and killed his antagonist in another. He became President March 4th, 1829. The South Carolina nullifiers rebellion against paying import revenue, the celebrated United States Bank trouble, and others, kept things at the boiling point through almost the whole of his term of office.

The South Carolina nullification affair was the worst difficulty between the states up to that time. It commenced with refusal to pay the tariff duties and ended with a withdrawal from the union resolution. It was on this occasion that Jackson, after sending troops to maintain the law, had to threaten to "hang them as high as Haman" if they didn't behave themselves.

"Old Hickory" certainly had a strenuous time of it, but this was in the Aaron Burr period, when men shot each other because of difference in opinion. We may be a little better in this respect now and worse in other respects.

HOME RULE FOR INDIA.

The British plan for Indian home rule, announced by King George in his recent proclamation, is one of the notable signs of the times.

It is not clear just how far this plan is to go. Obviously, it falls far short of real democracy as understood in western Europe and in America. The vast majority of natives are still unrepresented. That is probably inevitable at their present stage; those ignorant millions may require generations of political development yet before they are ready to participate intelligently in their government. It is much, though, that the better educated classes are admitted to the franchise and that India as a whole is given some semblance of constitutional government, and admitted, in form at least, to the sisterhood of dominions which, grouped around the United Kingdom, make up the British empire of today.

It is a practical recognition of the fact that neither Great Britain nor any other country can still govern "possessions" or "colonies" in the old manner, if the natives are anything but barbarous or half-civilized incompetents. People everywhere seem to have taken all this talk about democracy and self-determination at somewhere near its face value. Thus India demands, and obtains, a share in her own government, which will surely grow as that of our own Philippines has grown. It need surprise nobody if some such plan is extended even to Egypt before long.

The British government realizes that the British empire now and henceforth is sentimental rather than political, a state of mind rather than a permanent governmental system, and can be held together only by the mutual good will of its various parts. The Indian constitution is a concession to this fact. There is probably no important part of the whole big empire that cannot get a greater measure of self-rule if it takes the trouble to demand it. Ireland is no exception. The main trouble with Ireland is that it seems unable to agree on what it wants.

Judge C. H. Kyle presided on the common pleas bench at Dayton Thursday under assignment from Chief Justice High L. Nichols in the action of W. B. and Della F. Patterson against Elizabeth B. and W. W. Shuey. The action involved the sale of property in Harrison township, which the plaintiffs claimed they purchased for \$6,500.

THE WOMAN WHO LOVED--AND EARNED

By Jane Phelps.

A Modern Story of Home and Business.

Chapter 21.

"My what a whopper!" Mary Ryan said as we went up stairs together.

"What do you mean?" I had forgotten what I had said about expecting a friend.

"I like to know who you expect this evening! I was sort of planning to invite myself to visit you."

Well you are the friends I meant so we are both satisfied, and it wasn't such a whopper after all. Then: "I have a new magazine. We'll read aloud." I felt I couldn't talk, even to Mary. Robert's action, so unlike him made me uneasy. Why didn't he tell me who he was going with?

"That he bully! I will read and you can listen. It will be as good as a lesson in English for me."

I readily agreed. Mary would not notice it if I were a bit inattentive.

"Here's what looks like a good story," Mary judged the merit of a story by the amount of dialogue and the length of the paragraphs. If the latter were long, she discarded the story as prosy and would have none of it.

Mary had a pleasant voice, and her reading had a soothing effect upon me although I was not listening. Really I had not heard a single word when she stopped and said:

"Ain't that true?"

"Read it over again Mary, I did not quite catch it."

"A man doesn't like a divided affection," she repeated. Then: "Ain't it true. They are selfish that is most men I ever heard of are. They don't want to divide up with any other man, or with a hat, or anything."

"You queer girl. The idea of dividing an affection with a hat."

"I mean it! the only thing a man don't object to dividing up with is the dish pan and the stove. Them he ain't never jealous of no matter what happens. Now listen to this:" she picked up the magazine and commenced to read:

"John Mercer was a domestic man yet he never had been domestic. He had lived in boarding houses practically all his life. He envied the man with a little home, wife and children; more than he envied the millionaire who had none of these things. He worked hard and his work had always behind it the thought of a home, a wife in that home, perhaps children. He used to dream of coming home at night to a cozy dinner with his wife and of how they would do up the work together and have long happy evenings either talking over their plans for the future or in some innocent pleasure they could afford.

"Also, he was a sociable soul. He longed to be able to ask his friends to share a bit of his home comforts. To play the host. When he found all his dreams had failed to come true he became morose, lost interest in his work, and then when Natalie, his wife insisted upon keeping her position; he was jealous of the divided affection she

gave him," Mary stopped again. "That's where it says 'a man doesn't like a divided affection. You see this man in the story got a small salary and his wife kept right on working after they were married. He let her because he loved her, and was afraid he couldn't give her all she wanted. But all the time he was sore down inside. He wasn't the showy kind. He just wanted a home and kids. That Natalie didn't care very much about them either--unless other women had them. Ain't it funny Gerry how folks will write stories, tell things just like they are in real life. I used to think all stories was fairy stories; that they was just meant to amuse folks. But it ain't so. Stories tells real things and helps people to see their mistakes, and be happy. Don't you think so?"

"Oh, I don't know!"

"I know you didn't hear a word I was reading; but I guess you have to listen when I talk. You're worrying Robert--because he stayed out. He's all right, Gerry. Only he don't want to divide his affection with women's lids. He's like this man in the story."

"Nonsense you always apply every thing you read to someone. Run along to bed. It is getting late. We will finish the story another time." I did not care to have even Mary with me when Robert came home.

THE "WHY" OF THE 8th OF JANUARY.

"St. Jackson Day," January 8th, has been for years a kind of memorial occasion to the democracy of this country, thus honoring the memory of their patron saint, Andrew Jackson, because of his victory over the English at New Orleans, on that day. The meeting of the Democratic National Committee at Washington, this week, is more than an ordinary occasion, of this kind, because of this year being President making year.

It was just at the close of what is known in history as our war of 1812 that the battle of New Orleans was fought. In reality the treaty of peace with England had been signed December 14, 1814, but the news did not reach here until two days after the battle, which occurred January 8th, 1815, (one hundred and five years ago this week.) The battle took place at Chalmette, six miles below the city of New Orleans. The British are said to have had 10,000 troops, whilst Gen. Jackson only had 4,000, yet 900 English were killed, whilst only eight Americans were killed, because entrenched behind strong breastworks, the British day of cotton bales.

This writer visited this battle field in 1895. New Orleans had grown greatly by that time, so that the historic spot was only about a mile below the south end of the city. What the English had described as "strong entrenchment," looked then, (80 years afterward quite insignificant. The long entrenchment behind which our soldiers fought, was only four or five feet high and 300 or 400 feet long. At that time the unfinished Jackson monument was a rather unsightly marble shaft about fifteen feet square and forty feet high, resting on an old brick moss-covered foundation.

There is a fine National Cemetery of Union Soldiers on what was the field of battle in 1875, the bodies brought there from Southern battle fields of our civil war, or soldiers who had died thereabouts during that unpleasantness. All our National Cemeteries are an honor to the people, because of the fine condition in which they are maintained.

Few Americans have had a more dramatic career than General Jackson. As a young man he distinguished himself as an Indian fighter. He married a divorced woman and much of his early life had to defend her name, but the poor woman died only a few days after it was known her husband had been elected President. He fought several duels, was wounded in one and killed his antagonist in another. He became President March 4th, 1829. The South Carolina nullifiers rebellion against paying import revenue, the celebrated United States Bank trouble, and others, kept things at the boiling point through almost the whole of his term of office.

The South Carolina nullification affair was the worst difficulty between the states up to that time. It commenced with refusal to pay the tariff duties and ended with a withdrawal from the union resolution. It was on this occasion that Jackson, after sending troops to maintain the law, had to threaten to "hang them as high as Haman" if they didn't behave themselves.

"Old Hickory" certainly had a strenuous time of it, but this was in the Aaron Burr period, when men shot each other because of difference in opinion. We may be a little better in this respect now and worse in other respects.

HOME RULE FOR INDIA.

The British plan for Indian home rule, announced by King George in his recent proclamation, is one of the notable signs of the times.

It is not clear just how far this plan is to go. Obviously, it falls far short of real democracy as understood in western Europe and in America. The vast majority of natives are still unrepresented. That is probably inevitable at their present stage; those ignorant millions may require generations of political development yet before they are ready to participate intelligently in their government. It is much, though, that the better educated classes are admitted to the franchise and that India as a whole is given some semblance of constitutional government, and admitted, in form at least, to the sisterhood of dominions which, grouped around the United Kingdom, make up the British empire of today.

It is a practical recognition of the fact that neither Great Britain nor any other country can still govern "possessions" or "colonies" in the old manner, if the natives are anything but barbarous or half-civilized incompetents. People everywhere seem to have taken all this talk about democracy and self-determination at somewhere near its face value. Thus India demands, and obtains, a share in her own government, which will surely grow as that of our own Philippines has grown. It need surprise nobody if some such plan is extended even to Egypt before long.

The British government realizes that the British empire now and henceforth is sentimental rather than political, a state of mind rather than a permanent governmental system, and can be held together only by the mutual good will of its various parts. The Indian constitution is a concession to this fact. There is probably no important part of the whole big empire that cannot get a greater measure of self-rule if it takes the trouble to demand it. CITY MANAGER MAKES REPORT OF FINANCES

XENIA LIVES WITHIN INCOME FOR PAST TWO YEARS REPORT SHOWS

The years 1918 and 1919 marks the life of the Commissioner-Manager form of government in this city so far.

In this connection a statement on the finances for these two years, prepared as the official report of City Manager Riddle and presented to the Commission, is a timely review of the activities of the plan during these years.

The report in part, follows: "The year 1918 was begun with a balance of \$358.37 and \$700 worth of unpaid bills. The income for 1918 was \$28,338.82 from regular taxes, \$6,938.31 from liquor taxes, \$5,022.59 from miscellaneous revenue other than liquor and special assessments, and \$3,000 from special street cleaning assessments, making a total of \$43,299.72 and with the balance on hand at the beginning of the year of \$358.37 the city had \$43,658.09 available for all direct operating expenses. The balance on hand at the close of 1918 was \$3,452.14 making the total expenses \$40,205.95 for 1918.

"The year 1919 begun with the balance of \$3,452.14 and the total income was \$27,353.09 from regular taxes, \$3,129.19 from liquor, \$7,245.18 from miscellaneous other than liquor and special assessments amounting to \$3,000.00 from street cleaning and storm sewers on Hill street and \$3,000.00 from street cleaning, making the total receipts \$43,726.46, and with a balance of \$3,452.14, the amount available for all direct operating expenses was \$47,178.60 leaving a balance at the close of 1919 of \$2,316.25, with all debts paid.

"For the year 1920 the city will receive from regular taxes \$33,458.54, miscellaneous \$8,000.00 and if the new automobile tax law becomes effective an additional \$6,000.00 special assessment for street cleaning of \$3,000.00 and \$1,600.00 back taxes from the Xenia Water Company, making a total of \$52,058.54. The budget for 1920 is higher than usual on account of having to pay the light bill of \$7,800.00 from operating funds, which heretofore was paid from the interest and sinking fund. The budget amounts to \$51,493.50 and the anticipated income is \$52,058.54. The city therefore has a fair outlook and with no serious catastrophes or accidents it can live another year within the income. Here it can be said that very few cities in the state of Ohio are able to live within their income."

Shrapnel Cartridge Cases. The material used for shrapnel cartridge cases generally consists of a composition of two parts copper and one part zinc. This alloy has been found to possess the best physical qualities—that is, high tensile strength and a large percentage of elongation when properly annealed.

FEELING AROUSED IN CAIRO, EGYPT

London, Jan. 8.—Animosity has been aroused between the British and Italian residents of Cairo, Egypt, over the killing of an Italian musician named Margoni, by a British soldier, said an Exchange Telegraph dispatch from Cairo today. Margoni, who was a member of an opera company, came here from San Francisco, Margoni had chastised an Egyptian for spitting upon marching English soldiers. A soldier on police duty not knowing the cause of the trouble struck the Italian over the head with a stick and he died from the blow.

Shrapnel Cartridge Cases. The material used for shrapnel cartridge cases generally consists of a composition of two parts copper and one part zinc. This alloy has been found to possess the best physical qualities—that is, high tensile strength and a large percentage of elongation when properly annealed.

For lassitude, said Dr. Reed, Good coffee I commend. And there is one Called Golden Sun On which you can depend.

PEDDLERS. Premiums and poor coffee usually go together. Grocers, good coffee, good health and good will also go together. Patronize your grocer and get good coffee that is all coffee, not part chaff and dust.

ELECTRIC LIGHT AND POWER

Which Plant Will Serve You Best?

One is the noisy vibrating kind. The other is the Silent Alamo

One is a plant that is noisy. It rattles and bangs—it shakes and quivers and jumps and bumps. The whole thing is in a continual state of severe vibration all the time. The other is the Silent Alamo. It runs noiselessly like a little electric motor. This is due to the noiseless, rotating, sleeve-valve motor—the quietest type of motor ever built. And there is no vibration. This is due to the scientific balancing of weight. Remembering that the motor is the vital part of any electric light and power plant; and, remembering, too, that vibration which shakes everything out of alignment, destroys adjustments, etc., is certain ruination to a motor—which electric light plant will give you the best service? You can answer the question for yourself.

Silent ALAMO

Electric Light and Power Plant

The great question today is: "What plant shall I select?" And wise buyers will always look at the motor first and at the precautions taken by the manufacturer to safeguard the motor and assure dependable service without trouble or delays.

Investigate the Silent Alamo

We have canvassed the entire field. We have selected the Silent Alamo because we find that it is everywhere proving itself to be the leader. Every part is built with the care of a high priced

"A Safe Place to Trade"

CITY MANAGER MAKES REPORT OF FINANCES

XENIA LIVES WITHIN INCOME FOR PAST TWO YEARS REPORT SHOWS

The years 1918 and 1919 marks the life of the Commissioner-Manager form of government in this city so far.

In this connection a statement on the finances for these two years, prepared as the official report of City Manager Riddle and presented to the Commission, is a timely review of the activities of the plan during these years.

The report in part, follows: "The year 1918 was begun with a balance of \$358.37 and \$700 worth of unpaid bills. The income for 1918 was \$28,338.82 from regular taxes, \$6,938.31 from liquor taxes, \$5,022.59 from miscellaneous revenue other than liquor and special assessments, and \$3,000 from special street cleaning assessments, making a total of \$43,299.72 and with the balance on hand at the beginning of the year of \$358.37 the city had \$43,658.09 available for all direct operating expenses. The balance on hand at the close of 1918 was \$3,452.14 making the total expenses \$40,205.95 for 1918.

"The year 1919 begun with the balance of \$3,452.14 and the total income was \$27,353.09 from regular taxes, \$3,129.19 from liquor, \$7,245.18 from miscellaneous other than liquor and special assessments amounting to \$3,000.00 from street oiling and storm sewers on Hill street and \$3,000.00 from street cleaning, making the total receipts \$43,726.46, and with a balance of \$3,452.14, the amount available for all direct operating expenses was \$47,862.35 leaving a balance at the close of 1919 of \$2,316.25, with all debts paid.

"For the year 1920 the city will receive from regular taxes \$33,458.54, miscellaneous \$8,000.00 and if the new automobile tax law becomes effective an additional \$6,000.00 special assessment for street cleaning of \$3,000.00 and \$1,600.00 back taxes from the Xenia Water Company, making a total of \$52,058.00. The budget for 1920 is higher than usual on account of having to pay the light bill of \$7,800.00 from operating funds, which heretofore was paid from the interest and sinking fund. The budget amounts to \$51,493.50 and the anticipated income is \$52,058.00. The city therefore has a fair outlook, with no serious catastrophes or accidents it can live another year within the income. Here it can be said that very few cities in the state of Ohio are able to live within their income."

ives Within Income. The fact that the city continued to live within its income is one worthy of note, for it can be said that the city is operating closer and is keeping better account of receipts and expenditures, than many private business men and corporations.

A reference to Dun or Bradstreet will show that many business men are unable to tell just what business they have transacted or what their receipts and expenditures have been during a certain period. These facts are kept by the city by the month, and the financial condition of the city is known at the end of every month.

It is pointed out that the operation thus within the income, speaks well not only for City Manager Riddle, but for the City Commissioners who have the task on their shoulders of juggling the municipal funds in such a way as to make them go as far as possible and to bring the greatest possible results.

FIRST INVASION OF CITY BY THEATRICAL CO. NEXT TUESDAY

It will probably be the first invasion of this city of Klaw & Erlinger, large theatrical producers, when this famous team presents "The Love Kiss," a musical comedy of much note, which will appear at the Opera House, Tuesday night.

Funny comedians, real singers and an excellent chorus are characteristic features of the musical comedy. The company consists of 35 comedians, singers, dancers and musicians. The piece embraces two acts and a half dozen scenes, and late and popular song hits furnish the melody.

Among the song hits are: "Oh, What a Girl," "Mandy," "The Love Kiss," "Oh, What a Pal was Mary," "Love's Own Kiss," "I'm Through with Roaming Roneos," and others.

INFANT CONSERVATION SUBJECT OF MEETING

Dr. C. W. Beaman of Cincinnati, read an interesting paper on "Cow's Milk and Infant Conservation," before the members of the Greene County Medical Association at its regular meeting held in the Chamber of Commerce rooms Thursday noon.

Dr. Beaman dealt with the necessity of pure milk, especially for children, and his paper touching along these lines, was of especial interest to the Xenia Physician who are particularly interested in a pure milk supply for this city.

The final report of the Greene County Memorial Hospital Committee from the Association was also heard, and the failure of the hospital bond issue to pass was discussed. The members had luncheon at the Elk's Club following the business meeting.

FEELING AROUSED IN CAIRO, EGYPT

London, Jan. 8.—Animosity has been aroused between the British and Italian residents of Cairo, Egypt, over the killing of an Italian musician named Margoni, by a British soldier, said an Exchange Telegraph dispatch from Cairo today. Margoni, who was a member of an opera company, came here from San Francisco. Margoni had chastised an Egyptian for spitting upon marching English soldiers. A soldier on police duty not knowing the cause of the trouble struck the Italian over the head with a stick and he died from the blow.

PROCLAIMED "THE MOST POPULAR GIRL AT THE UNIVERSITY OF SOUTH DAKOTA"

Miss Marie Leavitt.

Behold Miss South Dakota. She is Marie Leavitt of Sioux Falls, "the most popular girl at the University of South Dakota." Each year the university students bestow the honor on one of the girl students. This year Miss Leavitt is the choice, and she was formally proclaimed "Miss South Dakota, '19."

DOUBLE HEADER AT RINK SCHEDULED FOR FRIDAY IN B. B. WORLD

Basketball fans will enjoy a double-header of real merit at the Rink Friday night, when Coach Fair's High School lads, with Captain "Bill" LeSourd in the lineup for the first time this season, will play South High of Columbus, and the Xenia Bruins will play New Burlington Independent team.

An entirely different showing from past performances is expected of the High School lads. Captain LeSourd fractured a collar bone in football last fall and has not been able to break into the court fray as yet, and his appearance is expected to put new life into the blue and white quintet.

New Burlington is turning out a real basketball quintet this season. They took the measure of Clarksville by a much larger score than did the locals, and they have also won victories over Wilmington College and Washington G. H.

With each practice the Bradys have been getting lately, the home town court crew is no piker outfit either and the reason of the nixup should be some real basketball for the appetite of the fans.

South High should furnish considerable opposition for the High School five, and with two big games for a single admission, the fans should have their fill of the indoor pastime for this week.

GEDARVILLE

Mrs. B. H. Little entertained a number of girls at dinner Saturday evening, in honor of her niece, Mrs. Elsa Shockley of Black Lick, O.

Mr. Ellis Goe, of Springfield was the week end guest of his uncle Mr. Charles Dean and family.

Mr. Cecil Boase, son of Mr. and Mrs. William Boase, died Monday morning, Jan. 5. A year ago he suffered from influenza, and when nearly well went out, taking a severe cold which caused him to have tuberculosis.

Mrs. Jay Auld and two daughters Wilda and Josephine, spent several days last week at Iberna, O., as the guests of Mrs. Auld's parents.

Miss Eula Tarbox, who has been working in Philadelphia, Pa. for several months, returned home Tuesday evening.

Prof. Leroy Allen and family, who spent the holidays in Cincinnati, returned home Monday night.

Cedarville is planning to make Friday, Jan. 16th, a Red Letter Day for the temperance cause. A celebration under the auspices of the local W. C. T. U. will be held in the opera house. Music will be furnished by the pupils of the college and public schools.

TWENTY YEARS AGO

Coremakers of the Superior Drill shops at Springfield, went on a strike yesterday, about 20 men going out. The men complain there is no uniformity in their wages, and ask that they be granted a scale of 17 1/2 cents an hour.

Mr. Ab Thornhill went to Cincinnati today to be absent a couple of days on business.

The office of the Miami Grain Company has been moved from a rear room above Kingsbury's store, to a room fronting on Main street.

Mr. John Beatty, who resigned his position in the Adair furniture store, will go on the road for the Burkhardt Furniture Co., of Dayton.

A number of Xenia people were at Columbus yesterday, attending the inaugural convention of Governor Nash.

GOOD HOUSEKEEPERS USE BEST That is why they use Red Cross Ball Blue. All leading grocers, 5 cents.

DOUBLE HEADER AT RINK SCHEDULED FOR FRIDAY IN B. B. WORLD

Basketball fans will enjoy a double-header of real merit at the Rink Friday night, when Coach Fair's High School lads, with Captain "Bill" LeSourd in the lineup for the first time this season, will play South High of Columbus, and the Xenia Bruins will play New Burlington Independent team.

An entirely different showing from past performances is expected of the High School lads. Captain LeSourd fractured a collar bone in football last fall and has not been able to break into the court fray as yet, and his appearance is expected to put new life into the blue and white quintet.

New Burlington is turning out a real basketball quintet this season. They took the measure of Clarksville by a much larger score than did the locals, and they have also won victories over Wilmington College and Washington G. H.

With each practice the Bradys have been getting lately, the home town court crew is no piker outfit either and the reason of the nixup should be some real basketball for the appetite of the fans.

South High should furnish considerable opposition for the High School five, and with two big games for a single admission, the fans should have their fill of the indoor pastime for this week.

GEDARVILLE

Mrs. B. H. Little entertained a number of girls at dinner Saturday evening, in honor of her niece, Mrs. Elsa Shockley of Black Lick, O.

Mr. Ellis Goe, of Springfield was the week end guest of his uncle Mr. Charles Dean and family.

Mr. Cecil Boase, son of Mr. and Mrs. William Boase, died Monday morning, Jan. 5. A year ago he suffered from influenza, and when nearly well went out, taking a severe cold which caused him to have tuberculosis.

Mrs. Jay Auld and two daughters Wilda and Josephine, spent several days last week at Iberna, O., as the guests of Mrs. Auld's parents.

Miss Eula Tarbox, who has been working in Philadelphia, Pa. for several months, returned home Tuesday evening.

Prof. Leroy Allen and family, who spent the holidays in Cincinnati, returned home Monday night.

Cedarville is planning to make Friday, Jan. 16th, a Red Letter Day for the temperance cause. A celebration under the auspices of the local W. C. T. U. will be held in the opera house. Music will be furnished by the pupils of the college and public schools.

FORD

The Universal Car

Don't Depend on Spring Deliveries

Spring deliveries of Ford cars have never been certain, and they should not be depended upon. Demand has always been greater for Ford cars than the supply or production. So, if you would be sure of having a Ford car, buy it now while deliveries are possible. Don't wait—even next month is an uncertainty.

Only a limited, specified number of cars has been allotted to this territory. That allotment cannot be increased, because the demand all over the country is greater than the supply or production. Get your order in now, and you will be one of those who is sure of a Ford car out of our allotment.

IT'S FIRST COME—FIRST SERVED. All orders are filled in rotation. So, if you would be forehanded, if you would be certain of having a Ford car when you want it—then you will buy a Ford car now. A signed order with us is your protection. It is the result of the wisdom of looking ahead.

If you buy a Ford car now, don't think you have to "store" it. The Ford is a car made to serve its owner for business or pleasure throughout the entire year. Ford owners have long since come to recognize the fact. It is no longer popular to "lay-up" your car for the winter. Buy a Ford car now, and use it now.

LACK OF REST

Worry, over-work or imperfect nourishment, all contribute to and are the beginnings of nervous prostration.

SCOTT'S EMULSION

A decided help to those who are nervous, in that it provides an easily assimilated food that quickly builds up general health by nourishing the whole body. Give less attention to worry; enjoy regular rest and sleep and take *Scott's Emulsion* regularly after meals. *Scott's* never fails to nourish and strengthen.

The exclusive grade of cod-liver oil used in *Scott's Emulsion* is the famous "S. & B. Process," made in Norway and refined in our own American Laboratories. It is a guarantee of purity and palatability unsurpassed.

South High should furnish considerable opposition for the High School five, and with two big games for a single admission the fans should have their fill of the indoor pastime for this week.

HAPPINESS IN BEING BETTER HUMAN BEINGS

Plenty of Good Blood The Foundation of Good Health—**Pepto-Mangan** Helps Make Blood

Must Feel Good to Be Happy

Take **Pepto-Mangan** a Few Weeks and Note Improvement—in Liquid and Tablet Form

To be a first-class human being one needs, first of all, good health. Good, rich blood and plenty of it is the very essence and foundation of good health. The purpose of **Pepto-Mangan** is to supply those blood-enriching elements that thin-blooded people need to improve their blood condition. To be anemic or thin-blooded means to be deprived of most of the joy of living and to be less than a normal human being. It means weakness, irritability, dullness of mind and a general low level of life. **Pepto-Mangan** does a great service to the thin-blooded by helping them to a better blood supply—better health—more happiness. It is scientific and is based on the best known medical practice.

Get **Pepto-Mangan** of your druggist. It is sold in both liquid and tablet form—no difference in the medicinal virtue. See that the name "Gude's" is on the package. Without the name "Gude's" it is not **Pepto-Mangan**.

CUSTIS.

I have several Greene County farms for sale, that I can give possession March 1st.

80 Acres

Located two miles out, on pike, one half mile from traction high school. Close, telephone, R. F. D., milk route, land all level, fields and farm square, good orchard, new house, slate roof, cellar under all, furnace, bath. Delco lights in all buildings. Good barn, all floors cemented, double cribs, hog house tool shed, all fences No. 9 wire and line fences all new. A modern up-to-date farm in good location in a high state of cultivation. One of the best if not THE BEST 80 acres in the county.

50 Acres

5 miles out, good buildings, electric lights. A good level, well located farm. Good reasons for selling.

80 Acres

On Meadman pike, good buildings and gently rolling. A nice home for some one.

100 Acres

2 miles out, all level extra good land, 50 acres sod, never had a plow in it. Buildings good, large silo.

54 Acres

6 miles out, brick house, barn, orchard, garage, a good buy, school close.

90 Acres

5 miles out, close to school, can have electric lights, brick house, large new barn, silo and cow barn. Fences all good, level black land, corn this year made over 70 bushels per acre. Must be sold before Jan. 15.

250 Acres

8 miles out. An up-to-date stock farm. Priced right.

15 Acres

7 miles out, 6 room frame house and wood little barn, close to school. Several Xenia, Jamestown and Yellow Springs residences for sale.

A 5 Room

Residence in Xenia. I will help some young man buy this property until he can get into the building and own with it.

BELLBROOK

C. F. Schwartz spent New Year's in Springfield the guest of his brother-in-law and sister, Rev. and Mrs. Jesse Inman.

Rev. Webber was home from his charge at Summerside a few days of the past week.

Timothy Brelsford is spending a few days with his son and daughter-in-law, Mr. and Mrs. Charles Brelsford, a half mile east of town.

Joseph Black, of the Manhattan Hotel, Dayton, spent the New Year's with his son, Roy Black and family. Mrs. W. S. Rittenour and son, Turner, of Dayton, are spending a few days with their parents and grandparents, Mr. and Mrs. J. S. Turner.

At a meeting of the township trustees, January 1st, Dr. G. C. Work was appointed township physician for the coming year.

Jennie Dinwiddie, who has been spending the holidays with the Tate and Dinwiddie families, returned to her home in Indianapolis, Saturday.

Rosalie Swigert of the McClellan hospital, Xenia, is here for a short visit with her home folks.

Mr. and Mrs. J. L. Myers and Nellie Soward were Dayton shoppers, Saturday.

George Bolen, an expert corn husker, with a record of 110 bushels per day, took the oath to support the federal and state Constitutions, and faithfully discharge his duties as Village Marshall, Saturday.

Rolla Davis, of East Battle street, is spending a few days in the country with his son and daughter-in-law Mr. and Mrs. Absalom Davis.

W. S. Hodges, who has been confined to his house during the past two months, is reported to be declining rapidly.

The village youths are putting in about ten or twelve hours per day skating on the creek west of town.

Mrs. Margaret De Barr, who was stricken with pneumonia a short time ago, is rapidly recovering from her illness.

Mrs. Ada Crowl is working at the local Bell Telephone exchange.

Mr. Hearold, who resigned his position as village barber a few days ago, is employed in a barber shop at Xenia.

INCLEMENT WEATHER PROVES A HANDICAP TO THE FARM BUREAU CAMPAIGN; O. E. BRADFUTE TALKS

Because of the blizzard like conditions of the weather on Thursday afternoon and evening, only a third of the men expected at the banquet to launch a membership campaign of the Greene County Farm Bureau were present at the affair at the Chamber of Commerce dining rooms Thursday night.

The heavy snow and the ice made many country roads almost impassable, and people were afraid to venture out with automobiles. Dinner had been prepared for 120 people at the banquet, and only forty were there. The menu was prepared and served under the direction of Jacob Kany.

O. E. Bradfute, a member of the executive committee of The American Farm Bureau, president of the Ohio Farm Bureau Federation and secretary of the Greene County Farm Bureau, and a member of the first commission appointed by President Wilson to investigate labor conditions was one of the speakers. The other chief

speaker was H. P. Miller of Sunbury, a well known institute and farm bureau worker, a member of the executive committee of the State Farm Bureau, and a staff man for the Ohio Farmer. Representative W. B. Bryson, president of The Greene County Farm Bureau, presided.

Mr. Miller gave three chief reasons for the formation of the national and state local farm bureaus. Their first object he said, was to cement farmer's together so that they may become acquainted with each other for their mutual benefit.

Its second object, the speaker set forth, was to properly advertise the farmer to the city dweller. As a rule people living in the cities have a biased opinion of the farmer he said. They look upon him as a class especially favored, and one that is making more money than any other class of workers. The speaker declared that this idea was entirely false, and that in proportion to the number of hours he labors, the agriculturist is the most poorly paid of any class of workmen.

A third object of the farm bureau the speaker set forth was to enable farmers to get facts together which will give them a better control of their own business.

One third of the population of this country, Mr. Miller said, is composed of producers of food; on third is engaged in manufacturing the products of the farm and the mines, and one third is engaged in distribution. He declared that the number engaged in distribution is too great in proportion to that of the producers and manufacturers.

Declaring that the farm bureau should be built from the bottom up, not from the top downward, Mr. Bradfute made a plea for earnestness in the membership campaign about to be opened by the local organization. The communities must be organized before much can be done by the state and national bureaus, he declared. He spoke of his experiences in Washington while the labor commission was in session and at Chicago, when the national farm bureau was formed.

Mr. Bradfute made a plea for a larger membership for the local bureau. In the business meeting which followed the fee was raised to \$5 each member voting in favor of the

DECLARES HE IS HIGHLY PLEASED WITH NEW REMEDY

Well known Thornville citizen, suffered from sluggish liver, weak kidneys, nervousness, loss of appetite and constipation.

New herbal remedy, Dreco, gave prompt relief and made him full of energy.

"Seemed like I lost my taste for everything tasted just alike. My stomach was out of order, so that I became very weak, and three years ago I was laid up in bed from these troubles, only getting temporary relief from one dose to another," said Mrs. Josiah Swick of Thornville, O., near Newark.

"My liver was sluggish, and I often had dizzy spells, spots floated before my eyes; my tongue was coated and I had a foul taste in my mouth; my kidneys were weak and I often had dull, aching pains in my back. After each meal I felt very uncomfortable caused by gastritis, which gave my stomach a full, bloated feeling, often with a burning sensation.

"I dreaded for night to come because I was so nervous I could not sleep, but would roll and toss from one side of the bed to the other, and when morning came I would be more worn out and nervous than when I retired the night before.

"Since taking Dreco all these ails have disappeared. My bowels act regularly; no more dizzy spells attack me; the bad taste and foul breath are all gone. I stoop and bend over without a pain in my limbs, and all the aches in my back in the region of my kidneys are gone. I sleep sound all night long, and have to be roused every morning. I can't say enough in praise of this great remedy Dreco."

Dreco is made from the juices and extracts of many herbal plants, which act on the vital organs promptly and in a pleasing manner. Dreco does not contain iron, mercury, potash.

All good druggists now sell Dreco and it is highly recommended in Xenia by Sohn's Drug Store.

matter of rising the fee to that sum.

Plans for the campaign, which starts next Monday, were discussed at the meeting. Each township and school district has been organized for the campaign. There is a membership committee in each township and a committeeman in each school district. Workers are expected to get in touch with their township chairman Wednesday evening to report their progress. If they need help, this will be furnished them by the chairman, the

THE PROPER WAY TO TAKE ASPIRIN

First see that the tablets you take are marked with the "Bayer Cross."

The Bayer Company, who introduced Aspirin in their careful directions in each package of genuine "Bayer Tablets of Aspirin" that to get best results one or two glasses of water should be drunk after taking tablets.

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Then you are getting the world-famous Aspirin, prescribed by physicians for over eighteen years.

Each unbroken "Bayer" package contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, and for Pain generally. Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

DON'T TREAT KIDNEYS ROUGH, WARNS DR. CAREY, SPECIALIST

Constant Flushing May Injure the Delicate Organism and Seldom Removes the Poisonous Deposits.

Now that Dr. Carey, kidney and bladder specialist, has retired from active practice, he generously warns people that even the smallest symptoms of kidney trouble should have serious attention. Backache, for instance, puffiness under or specks floating before the eyes, heavy feet and dry skin, are also danger signals.

"Thousands die yearly because they neglect their kidneys," says Dr. Carey, "and I feel upon retiring that I should tell all who even suspect kidney or bladder trouble about my prescription, Marshroot which, during my active practice has cured thousands of all kinds of kidney ailments."

This prescription has been given to pharmacists generally throughout America and is dispensed by them under the name of Dr. Carey's Marshroot, a name that every sufferer from kidney trouble should remember. Sayre LIVE STOCK CMFP

Marshroot which, during my active practice has cured thousands of all kinds of kidney ailments."

following day. Final reports are expected to be made by Friday night.

The Greene County Farm Bureau now has 650 members and it is hoped that the campaign will bring about 1,500 more into the organization.

DON'T SPOIL YOUR CLOTHES. That is why they use Red Cross Ball Blue. All leading grocers, 5 cents.

How to Melt Rubber.

To melt rubber place pure rubber in a mixing bowl, which is then filled with a pure grade of chloroform, and stirred at intervals. If the chloroform is not pure—that is, contains too much alcohol—it will not dissolve the rubber. The action of a solvent such as chloroform or benzol on rubber is gradual and somewhat slow.

C. F. Schwartz spent New Year's in Springfield the guest of his brother-in-law and sister, Roy and Mrs. Jesse Inman.

Rev. Webber was home from his charge at Summerside a few days of the past week.

Timothy Brelsford is spending a few days with his son and daughter-in-law, Mr. and Mrs. Charles Brelsford, a half mile east of town.

Joseph Black, of the Manhattan Hotel, Dayton, spent the New Year's with his son, Roy Black and family. Mrs. W. S. Rittenour and son, Turner, of Dayton, are spending a few days with their parents and grandparents, Mr. and Mrs. J. S. Turner.

At a meeting of the township trustees, January 1st, Dr. G. C. Work was appointed township physician for the coming year.

Jennie Dinwiddie, who has been spending the holidays with the Tate and Dinwiddie families, returned to her home in Indianapolis, Saturday.

Rosalie Swigert of the McClellan hospital, Xenia, is here for a short visit with her home folks.

Mr. and Mrs. J. L. Myers and Nellie Soward were Dayton shoppers, Saturday.

George Bolen, an expert corn husker, with a record of 110 bushels per day, took the oath to support the federal and state Constitutions, and faithfully discharge his duties as Village Marshall, Saturday.

Rolla Davis, of East Battle street, is spending a few days in the country with his son and daughter-in-law Mr. and Mrs. Absalom Davis.

W. S. Hodges, who has been confined to his house during the past two months, is reported to be declining rapidly.

The village youths are putting in about ten or twelve hours per day skating on the creek west of town.

Mrs. Margaret De Barr, who was stricken with pneumonia a short time ago, is rapidly recovering from her illness.

Mrs. Ada Crowl is working at the local Bell Telephone exchange.

Mr. Hearold, who resigned his position as village barber a few days ago, is employed in a barber shop at Xenia.

By KEN KLING

INCLEMENT WEATHER PROVES A HANDICAP TO THE FARM BUREAU CAMPAIGN; O. E. BRADFUTE TALKS

Because of the blizzard like conditions of the weather on Thursday afternoon and evening, only a third of the men expected at the banquet to launch a membership campaign of the Greene County Farm Bureau were present at the affair at the Chamber of Commerce dining rooms Thursday night.

The heavy snow and the ice made many country roads almost impassable, and people were afraid to venture out with automobiles. Dinner had been prepared for 120 people at the banquet, and only forty were there. The menu was prepared and served under the direction of Jacob Kany.

O. E. Bradfute, a member of the executive committee of The American Farm Bureau, president of the Ohio Farm Bureau Federation and secretary of the Greene County Farm Bureau, and a member of the first commission appointed by President Wilson to investigate labor conditions was one of the speakers. The other chief

speaker was H. P. Miller of Sumbury, a well known institute and farm bureau worker, a member of the executive committee of the State Farm Bureau, and a staff man for the Ohio Farmer. Representative W. B. Bryson, president of The Greene County Farm Bureau, presided.

Mr. Miller gave three chief reasons for the formation of the national and state local farm bureaus. Their first object he said, was to cement farmers together so that they may become acquainted with each other for their mutual benefit.

Its second object, the speaker set forth, was to properly advertise the farmer to the city dweller. As a rule people living in the cities have a biased opinion of the farmer he said. They look upon him as a class especially favored, and one that is making more money than any other class of workers. The speaker declared that this idea was entirely false, and that in proportion to the number of hours he labors, the agriculturist is the most poorly paid of any class of workmen.

A third object of the farm bureau the speaker set forth was to enable farmers to get facts together which will give them a better control of their own business.

One third of the population of this country, Mr. Miller said, is composed of producers of food; one third is engaged in manufacturing the products of the farm and the mines, and one third is engaged in distribution. He declared that the number engaged in distribution is too great in proportion to that of the producers and manufacturers.

Declaring that the farm bureau should be built from the bottom up, not from the top downward, Mr. Bradfute made a plea for earnestness in the membership campaign about to be opened by the local organization. The communities must be organized before much can be done by the state and national bureaus, he declared. He spoke of his experiences in Washington while the labor commission was in session and at Chicago, when the national farm bureau was formed.

Mr. Bradfute made a plea for a larger membership for the local bureau. In the business meeting which followed the fee was raised to \$5 each member voting in favor of the

matter of rising the fee to that sum.

Plans for the campaign, which starts next Monday, were discussed at the meeting. Each township and school district has been organized for the campaign. There is a membership committee in each township and a committeeman in each school district. Workers are expected to get in touch with their township chairman Wednesday evening to report their progress. If they need help, this will be furnished them by the chairman, the

following day. Final reports are expected to be made by Friday night.

The Greene County Farm Bureau now has 650 members and it is hoped that the campaign will bring about 1,500 more into the organization.

DON'T SPOIL YOUR CLOTHES.
That is why they use Red Cross Ball Blue. All leading grocers, 5 cents.

How to Melt Rubber.

To melt rubber place pure rubber in a mixing bowl, which is then filled with a pure grade of chloroform, and stirred at intervals. If the chloroform is not pure—that is, contains too much alcohol—it will not dissolve the rubber. The action of a solvent such as chloroform or benzol on rubber is gradual and somewhat slow.

THE PROPER WAY TO TAKE ASPIRIN

First see that the tablets you take are marked with the "Bayer Cross."

The Bayer Company, who introduced Aspirin tell in their careful directions in each package of genuine "Bayer Tablets of Aspirin" that to get best results one or two glasses of water should be drank after taking tablets.

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Then you are getting the world-famous Aspirin, prescribed by physicians for over eighteen years.

Each unbroken "Bayer" package contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, and for Pain generally.

Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

DON'T TREAT KIDNEYS ROUGH, WARNS DR. CAREY, SPECIALIST

Constant Flushing May Injure the Delicate Organism and Seldom Removes the Poisonous Deposits.

Now that Dr. Carey, kidney and bladder specialist, has retired from active practice, he generously warns people that even the smallest symptoms of kidney trouble should have serious attention.

Backache, for instance, puffiness under or specks floating before the eyes, heavy feet and dry skin, are also danger signals.

"Thousands die yearly because they neglect their kidneys," says Dr. Carey, "and I feel upon retiring that I should tell all who even suspect kidney or bladder trouble about my prescription. Marshroot which, during my active practice has cured thousands of all kinds of kidney ailments."

This prescription has been given to pharmacists generally throughout America and is dispensed by them under the name of Dr. Carey's Marshroot, a name that every sufferer from kidney trouble should remember. Sayre LIVE STOCK CMFP

DECLARES HE IS HIGHLY PLEASED WITH NEW REMEDY

Well known Thornville citizen, suffered from sluggish liver, weak kidneys, nervousness, loss of appetite and constipation.

New herbal remedy, Drecto, gave prompt relief and made him full of energy.

"Seemed like I lost my taste for everything tasted just alike. My stomach was out of order, so that I became very weak, and three years ago I was laid up in bed from these troubles, only getting temporary relief from one dose to another," said Mrs. Josiah Swick of Thornville, O., near Newark.

"My liver was sluggish, and I often had dizzy spells. spots floated before my eyes; my tongue was coated and I had a foul taste in my mouth; my kidneys were weak and I often had, dull, aching pains in my back. After each meal I felt very uncomfortable caused by gastritis, which gave my stomach a full, bloated feeling, often with a burning sensation."

"I dreaded for night to come because I was so nervous I could not sleep, but would roll and toss from one side of the bed to the other, and when morning came I would be more worn out and nervous than when I retired the night before."

"Since taking Drecto all these ails have disappeared. My bowels act regularly; no more dizzy spells attack me; the bad taste and foul breath are all gone. I stoop and bend over without a pain in my limbs, and all the aches in my back in the region of my kidneys are gone. I sleep sound all night long, and have to be roused every morning. I can't say enough in praise of this great remedy Drecto."

Drecto is made from the juices and extracts of many herbal plants, which act on the vital organs promptly and in a pleasing manner, Drecto does not contain iron, mercury, potash.

All good druggists now sell Drecto and it is highly recommended in Xenia by Sohn's Drug Store.

PUBLIC SALE!

One account of my health. I have decided to quit farming and move to town. I will sell the following described property, without reserve or limit, at public sale at my residence 4 miles south of New Carlisle, 2 1/2 miles southeast of Brandt, 2 1/2 miles west of Medway, and 4 1/2 miles northwest of Osborn, on the Varner road near Palmer Chapel, commencing promptly at 10 o'clock, on:

TUESDAY, JANUARY 13, 1920
